

**COSSA Board Meeting
Submitted by Jose Chavez
FEBRUARY 18, 2025**

FACILITY PROJECTS

Grounds

maintenance included weeds being sprayed and cut. Window cleansing is in the process for the entire building. All of the floors and carpets have been cleaned.

MAJOR EQUIPMEN

HVAC

o Bauer concluded that one the unit in 107 needs to be re-wired and it will cost \$950.00 to be replaced.

SAFTY & SECURITY

Found a solution with communication between daycare and the main building. We were able to add walkie-talkies to the daycare building

The horn alarm for the outside going to cost us \$2,495 to get install plus it need to be on the blue print by state law that will be an extra charge of \$450.00

UPCOMING PROJECTS

Landscape-

o The irrigation system still requires some repairs with the sprinklers. We are waiting for spring to fix repairs

Awning

o Have been trying to find donations for dirt for our basketball court. With this we can build an awning to provide shade for our students and our community.
