

**School Board Meeting/Workshop:**

May 14, 2012

**Subject:**

Quest Presentation

**Presenter:**

Pam Miller, Director of T&L  
Ed Cox, High Potential Services  
Don Metzler, TES Principal  
Laura Steabner, Quest Teacher

---

**SUGGESTED SCHOOL BOARD ACTION:**

Report only, no recommended action.

**DESCRIPTION:**

Background: Ms. Steabner's class has participated in a yearlong examination of where food comes from, how it is processed, and its importance in our lives. Throughout the year, they have researched food issues and met with various speakers to learn about food and its path from producer to consumer.

Rationale for presentation: As a part of this challenge-based learning project, students chose various action projects to apply their learning to their daily lives. One place where students interact daily with food is in the school lunch program. This group of students chose to make a presentation to the School Board regarding their research around school lunches.

*Student presenters: Tommy Samson, Tucker MacCallum, Noah Zimmerman, Gabby Hernandez, Kaitlin Galdonik, Sarah Burke*
