

## ***Teaching, Learning & Relevance***

### **Current Work**

- [2025-26 TMS Scorecard Stoplight](#)
- Mr. Schommer will be attending our February staff meeting to do a professional development session on AI
- Mrs. Cerny has completed ACCESS testing for our EL students

## ***Whole Student***

### **Current Work**

- Students participated in the global event "[The Great Kindness Challenge](#)" to spread kindness through our school community in an effort to end school violence.
- There will be a MS Transition/Orientation meeting for parents on Feb 25 at 6:00pm in the auditorium to introduce the middle school to our elementary families. Mrs. Cerny has been planning this in conjunction with TES
- Current TMS students will begin talking about course selection for the upcoming year at the end of February/beginning of March
- Yearbook Club
  - Hosted a cover contest for this year's edition. 8th grade students were invited to create their own cover art. Students voted and we have selected the winners for our front and back cover.
  - Yearbook Club also received a grant from Beyond Crayons and Chromebooks to purchase a new digital camera. The students are excited to learn about using a mirrorless digital camera to take excellent images for the yearbook.
- Merrill Law Expo
  - We met with Tom Hayden and Tom Berg of the Merrill Optimist Club who sponsor the expo.
    - Tomahawk 8th grade students will be able to join this event on May 1st. The team is hopeful that we will have SRO and Tomahawk Police Department representation at the event as well.
- Raise Your Voice received a donation from The O'Tannenbaum Tour of \$250 to help with creating a hygiene station for the high school to model after the middle school hygiene station.
- Student Connections surveys are complete. The majority of the students have strong connections with multiple staff at the MS. The few who do not will be interviewed by Mrs. Cerny in February to determine the next steps to building those connections.

## ***Communication & Community Engagement***

### **Current Work**

- [TMS February Newsletter](#)
- District Showcase Night - February 12th from 4-7pm

## ***District Workforce***

### **Current Work**
