

Hallsville Independent School District

For the Consideration of the Board of Trustees

Date of Board Meeting: April 15, 2024

Topic: Student Recognition: Dyslexia Intervention Program Completion

Background and Rationale:

Hallsville ISD had a record number of students complete one of our dyslexia intervention programs. These dyslexia intervention programs require students to master concepts such as phonological awareness, sound-symbol association, syllabication, orthography, morphology, syntax, reading comprehension, and reading fluency. This intervention is in addition to grade level courses and electives; and at times, students had to prioritize this intervention over electives that they might rather have taken.

To say we are proud is an understatement. Here's the hard work by the numbers:

- Total Students: 65
- Intermediate: 22
- Jr. High: 35
- High School: 8

We are so very proud of their hard work and determination and look forward to all the wonderful things they accomplish here at HISD.
