

TJD SIP Update – Winter 2025-2026

TJD uses PLC time for teachers and administrative team to discuss student's behaviors and brainstorm interventions to use for data tracking. The team meets for approximately 45 minutes weekly on Tuesdays.

Teachers then meet once weekly on Thursdays with their classroom teams to discuss individual student behaviors, intervention data, and how the team will track the data. Is intervention successful or failing and why?

TJD SIP Data – Winter 2025-2026

Goal #1 ELA	Target	Results	Fall 2025	Winter 2025
	100% of students will show growth in ELA
