Title: Board Vice President

Agenda Item: Review Pay Scale Classifications

DISCUSSION ITEM

RECOMMENDATION:

In reviewing the budget spending from the 2023-24 school year, the District and Board need to conduct a review of the current pay scale for all departments in order to create a plan to make the necessary changes to classifications where needed. (Example – Sped. Coordinators are required to have admin. Certification and are classified with coordinators that do not require additional certifications).
