## **BACKGROUND:**

The Texas Education Agency has released the preliminary 2023 A-F Accountability Ratings publicly as of April 24, 2025. These ratings will be considered preliminary until August 15, 2025. We are presenting this rating information so that our community can be informed about the performance of the district and campuses that has been on hold since August of 2023.

The official 2024 preliminary ratings have not been released yet by the Texas Education Agency. According to the TEA website: "The issuance of 2024 A-F Ratings remains pending and subject to change based on judicial rulings." The district is presenting 2024 A-F Accountability Ratings projections that have been calculated internally by district staff; however, the accuracy cannot be verified until TEA releases the actual ratings.
