If you have outsourced transportation department, can you share your most recent renewal rate?

Thank you-

Kreg Wesley
Executive Director of Finance and Operations

Kreg,

Our renewal increases last year were for 9% (regular ed busing) and 0% - 13% (special ed busing). The special ed increase was variable and based on their ability to staff and fill our routes (if they filled them all they got a 13% increase and if they could not fill half of them or less then they got a 0% increase) and they have been at the 12% increased rate level for this first semester (filled 90% to 99% of our routes). Our rates are right around \$100 per run for regular ed routes and \$135 - \$185 for special ed routes, depending on a variety of factors like route type, single/double/triple tiers, shared vehicles, etc..

Curt

Curt, I would love to see this language you agreed to. Can you forward to me?

Our bus company stated that it is too early to give us a renewal rate for next year just yet (23-24). We are meeting next week to get a "to not exceed" number so I can decide whether or not to go out to bid. Last year's increase was 10.2% for regular ed and 6.8% for special ed.

Hi Kreg,

We are currently in talks to renew our transportation contract for another two years. We are looking at a 15.5% increase next year and a 4.4% increase the following year for regular and vocational routes. 18.7% increase next year and a 4.7% increase the following year for all special education routes.

If you are seeing anything significantly different from what we are being proposed please let me know.

Thanks,

Ray Toliver Jr., MBA
