ADDITIONAL INFORMATION AND/OR BACK-UP:

Spring Branch Independent School District is proud to recognize Memorial High School and Stratford High School for their Gold-level recognition on the 2025 Advanced Placement (AP) School Honor Roll.

The Advanced Placement (AP) School Honor Roll, launched by the College Board in 2023, recognizes schools that deliver college-level outcomes while expanding access to advanced coursework. Schools earn distinction by meeting rigorous benchmarks across three indicators: College Culture, College Credit, College Optimization.

Congratulations to Memorial High School and Stratford High School principals, educators and students for earning this impressive recognition.
