Subject: Updated leave of absence  
To: Jeremy Tammi <[jeremy.tammi@isd363.org](mailto:jeremy.tammi@isd363.org)>

Administration and Board members,

I am requesting a five year extended leave of absence to pursue my masters degree in Marriage and Family Therapy, my year-long mental health internship, and the following years of supervision needed to obtain my license to practice in the state of Minnesota. I am currently in the process of accepting two internship opportunities, one with Stellher Human Services out of Bemidji, and the second one being Cedar Branch Counseling out of the Int'l Falls and Northern Minnesota areas. This extended leave of absence would end in August of 2026. I have been a teacher at Indus School for 21 consecutive years. Other than maternity leave, I have never before requested or been granted a leave of absence at this district. Since we are at a natural break in the school cycle, I am requesting the leave start as August ends so there is no disruption to the learning process of our students.

I would also like to ask the board to continue covering the district's contribution portion of my medical insurance up until the term ends on December 31, 2021.

Thank you,  
Jill Hasbargen
