S & S CISD School Board  
PO Box  
Sadler TX 76264

Dear Mr. Hunter and School Board:

S&S Youth Sports Association Inc. is a non-profit organization that organizes and operates the youth sports program for the S&S CISD school district. We rely on the generosity of the community to help keep our program going and our children actively involved in sports from a young age. We believe that this promotes a healthy and active lifestyle.

The YSA Board has met to discuss current conditions of the YSA's existing baseball and softball fields. Due to the condition of the existing fields and the cost to fix them, the YSA Board has decided that it would be a better use of the resources we have to build a new baseball and softball complex. The YSA Board would like to request that the fields be moved to High School in an available area. We feel that this would be a huge step in the right direction in growing our youth sports organization.

Please let us know if there as any additional information you want or need from the S & S YSA board to facilitate the updating of the baseball and softball fields.

Thank you for all you do for our children and the community,

Crystal McDonald  
YSA President
