# Personnel Review Custodial

## **Custodial Positions**

Interviews were conducted at Fruitdale Elementary School to fill the Head Custodian position.

Greg Rodgers was selected to fill the position. Greg has been a custodian for the district since February 2009. He started out as a night custodian working with Fleming and Manzanita. Greg filled in long term as the Head Custodian at Fleming Middle School. Greg has had two daughters graduate from Hidden Valley H.S.

Greg has been very active within the district not only as a custodian but as the archery coach for Lincoln Savage Middle School from 2007-2010, where he coached LSMS to 2 back to back state titles. They were the first middle school from the state of Oregon to attend the Nationals in Louisville Kentucky.

Greg is still very active in support of archery, he is currently a coordinator for the National Archery in Schools Program (NASP) in Oregon. Congratulations on your new position and thank you for all you are doing in support of the District.

We are currently in the process of filling the two remaining open custodial positions at Fort Vannoy and Illinois valley H.S.

# Inspections

## Inspections

There were 19 custodial and safety inspection conducted during the month of January. For the most part things are going well. Outstanding schools for the month were:

- Illinois Valley H.S.
- Lorna Byrne M.S
- Madrona Elementary

Most improved for the month were:

- Williams
- Applegate
- Jerome Prairie

There are a couple of schools that we will be working with over the next few month to help improve their level of cleaning. This will be accomplished with on site training and increased inspections.

## Shower and Locker Rooms

We have implemented new cleaning procedures for the high school showers and locker room restrooms. We have introduced a new touch-less cleaning machine called KaiVac. This new machine will allow our custodians to clean these areas more effectively, improving quality, increase productivity and produce a deeper clean. The KaiVac has many other uses besides restrooms; such as Kitchens, walls, stair, walkways, lockers, desk, tables and any other surface that is wet cleanable.
