The Texas Education Agency allows school districts the opportunity to offer a program that will offer flexible hours and days of attendance for students who meet one of the following criteria:

- The student is at risk of dropping out of school, as defined by the TEC, §29.081;
- The student, as a result of attendance requirements under the TEC, §25.092, will be denied credit for one or more classes in which the student has been enrolled
- The student is attending a campus with approved early college high school program designation;
- The student is attending a campus operating under a commissioner approved turnaround plan; or
- The student is attending a community based dropout recovery education program as defined by TEC, §29.081 (e-1) or (e-2).

In an effort to assist with the reduction of the dropout rate and increase student attendance rates at Lyndon B. Johnson High School, Administration proposes to continue offering the PASS Program. The PASS Program is an intervention for students who are at-risk of not graduating. Lyndon B. Johnson will use various district resources, which provide campus administration a solution to address these concerns.
