Course eligibility will be determined using the following guidelines:

• ~~Pre-AP classes will have an honors designation.~~ Honors classes will be a 4.0 grade scale. Students transferring into the District will have their honors classes transcribed at a 4.0 grading scale.

Class rank shall be determined as follows:

• Class ranking will be determined each semester beginning with the first (1st) semester of the ninth (9th) grade.

• Class rank will be based only on the grades earned in classes that meet or exceed graduation requirements.

College courses 1110 and above will be a 5.0 grade scale.

- Total grade points begin accumulating with the ninth (9th) grade. These are divided by total units attempted to produce the accumulative grade point average. Students are then ranked according to grade point average. Algebra and Health taken at the eighth grade will be included.
