

Waterloo Community Unit School District No. 5
Director of Technology

DATE: October 20, 2025

TO: Mr. Charron, Superintendent
Waterloo School District Board of Education

FROM: Mr. Nick Hergenroeder, Director of Technology

Technology Board Report

- All newly acquired Promethean boards have been successfully installed across the district.
- All new computers are now installed and fully operational.
- The Technology Department is actively managing daily work orders and has begun reorganizing various tech spaces following a busy summer filled with multiple projects.
- Tech Electronics recently visited the Zahnow addition to calibrate the classroom speaker system, improving overall sound quality and balance.
- Both 85-inch Promethean boards designated for the Gipper Touch Kiosk have arrived. Coordination with the Maintenance Department is underway to schedule and complete the installation.
