Action

Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?

I would like permission to take 28-30 leadership students to Disneyland in Anaheim, CA, from June 13-16. They are working on fundraising for the entire trip and will miss no school, since it's after we release for the summer.

Provide history/background information on your proposal:

Being a part of leadership is a wonderful and character-building way to spend one's high school years, but it's also a ton of work, much of which is often thankless. This trip is a reward for a year of tireless work to make North Valley a more enjoyable place for our staff to work and our students to learn.

List the advantages of your proposal:

- *Students will be reminded that hard work pays off
- *Next year's leadership students will have a time of bonding and time to get excited for next year's activities
- *No district money will be used and students will miss no school time
- *Disneyland's security makes it one of the safest destinations to which one could take students
- *This will be the first chance many of the students have had to travel this distance

List possible disadvantages of your proposal:

Traveling with students always carries an element of uncertainty, but we have three school-related chaperones and one parent chaperone, all of whom are very experienced in traveling with students. Also, these students are in leadership for a reason and the expectations for their behavior are very high.

List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?

Superintendent's recommendation(s):
