

Principal Advisory Committee Leman Middle School

Board of Education Update 2023-2024

Let us tell you **who we are!**

22

We have 22 members.

03

We represent all three
grade levels.

We represent all kinds
of students!

Things we like **at LMS**

Classes

Teachers

Clubs

Dances

Charger
Challenges

Bolt Bucks

The Leman
Values

How our
school
looks

Our
community

01

LMS Logo

We decided to keep our current logos - staff and students agree that what we have is best!

02

5Essentials

We talked about how to improve our 5Essentials score for
Supportive Environment.

Data dive process

Step 02

Each group came to consensus about our most important ideas.

Step 04

We started planning small steps to help us improve each area.

Step 01

We put all of our ideas about what it means to “strongly agree” for each question.

Step 03

We talked to the teachers about our thoughts and heard their opinions also!

Teachers want their students to..

Self
Advocate

Send
emails

Check their
grades

Move with purpose
during passing

Practice
organization

Students want their teachers to..

Have class
discussions

Tell us why
or why not

Teach in
multiple
ways

Use Seating
Charts

Maintain
schoolwide
expectations

Use Bolt
Bucks

Be present in the hallways and during
classwork time.

Next Steps for **this project**:

- Create announcements for students
- Create video for teachers

03

Going Green Plans

We have recommendations for our school and **steps we want to recommend to the district.**

Here's how we can **embrace the earth!**

Research on Green Ribbon Schools

District Recommended Projects

Less plastic in the cafe

We want reusable or biodegradable utensils and packaging.

Solar Panels

We would like the adults to explore whether we can incorporate solar energy in small ways.

School Projects

A school garden

We would like to grow vegetables and a butterfly garden.

Outdoor Classrooms

We want to learn outside!

Next Steps for **this project**:

- Design our outdoor classroom spaces
- Think about fundraising and grants to purchase items
- Start a Going Green Club to keep the garden work going!

The background is a solid dark blue. It is decorated with various geometric shapes in yellow, magenta, and cyan. These include solid circles, hollow circles, solid diamonds, and hollow diamonds. Some shapes are accompanied by vertical dotted lines of the same color. The shapes are scattered across the frame, with a higher concentration around the edges.

Thanks!

We will see you next year!
