

Athletic Admin Report 3/4/13

We are currently in the middle of evaluating our Coaching staff for the first half of the year. Head Coaches are expected to sit down with their staff, and discuss how they did, their strengths and weaknesses, and how they can improve for next season. I am proud of our student athletes as they have fought hard in every sport. A positive note is that Brackett HS made the playoffs in 3 out of 4 team sports. Our Cross Country made it out of district and into the post season as well. We have room for improvement and will strive to continue to improve. We will praise our athletes for their achievements, but push them to achieve more. As a district, we must support every endeavor in which our athletes compete. We have been entrusted with the responsibility to encourage and promote Brackett ISD's athletes and coaches. We provide the foundation on which our athletes build their dreams.

**James L. Richardson
Athletic Director
Brackett ISD**
