2025-2026 LHS Course Catalog Change Sheet

Page	Change	Rationale
11	**Section Add: Graduation Requirements** **Add:** Complete at least one College, Career, Military Readiness (CCMR) requirement.	• Communicating CCMR as a graduation requirement reinforces an existing expectation, ensuring students understand their role in meeting it. This promotes shared responsibility and accountability while allowing the campus to provide targeted support for postsecondary readiness.
49	**Course Add: Social Studies** **Add:** Psychology **Add:** Sociology	• These courses will expand half-semester and elective options, giving students more flexibility and choice in their schedules.
55-56	**Course Add: Physical and Health Education Courses** **Add:** Health I **Add:** Health II **Add:** Lifetime Fitness and Wellness **Add:** Lifetime Recreation and Outdoor Pursuits	• These courses will expand half-semester and elective options, giving students more flexibility and choice in their schedules.
62	**Section Change: Arts, Audio/Video Technology and Communication** **Remove:** Practicum in Audio/Video Design **Add:** Practicum in Entrepreneurship	• The added course aligns with the New Business Management and Marketing Programs of Study.
64	**Section Add:** Marketing and Sales Course Sequence **Add:** Principles of Business, Marketing, and Finance **Add:** Business Management **Add:** Virtual Business **Add:** Social Media Marketing **Add:** Practicum in Entrepreneurship	• The courses added create two (2) programs of study including Marketing and Business Management.

66	**Section Change: Science, Technology, Engineering, and Math (STEM)** **Name Change (Remove):** Engineering Foundations Program of Study **Add:** Robotics and Automations	• This change addresses the need to align with Manufacturing Program of Study.
68	**Section Change: Science, Technology, Engineering, and Math (STEM)** **Name Change (Remove):** Computer Science Program of Study **Add:** Cybersecurity Program of Study **Remove:** Computer Science II **Add:** Engineering Applications of Computer Science	• The course change is necessary to create the Cybersecurity Program of Study.
68	**Section Change: Science, Technology, Engineering, and Math (STEM)** **Remove:** Engineering Desing and Presentation II **Add:** Practicum of STEM	• The added course aligns with the Robotics and Automation Program of Study.
68-69	**Section Change: Education and Training Courses** **Remove:** Human Growth and Development **Add:** Child Development **Remove:** Instructional Practices **Add:** Child Guidance **Remove:** Practicum in Education **Add:** Practicum in Early Learning	• The added course aligns with the CCMR Certification the campus offers.
