

Site Report – Kokhanok – March 2022

**To: Superintendent Kasie Luke
and LPSD School Board Members**

From: Rob Fagerquist, Principal

Outstanding Activities and Events

We celebrated the unveiling of our new scoreboard with a Peewee Basketball Tournament. This was the first community event we've had in a very long time. The chance to reconnect with parents and community members was long overdue and greatly appreciated - we had a full house and lots of smiles. The student store was hopping, offering the usual gatorade and pop, but also pizza slices and nachos.

Our official basketball team, as with the rest of the district, was unable to get to Perryville for the tournament, but are looking forward to the rescheduled meet in two weeks.

We also hosted a smaller version of the traditional Kokhanok Carnival in our gym last weekend - and then we enjoyed a few restful and well-deserved days off.

On the 17th, we celebrated Saint Patrick's Day and the 100th day of school with green frosted cupcakes and paper hats.

We completed our MAP testing and saw encouraging improvement across the board.

We had our first meeting of the Culture Week Committee (scheduled for the last week of school) and had great participation from the community. It's early days yet, but it's shaping up to be a fun and educational week.

Personnel

Two of our staff have submitted notices that they will not be returning next school year. We will miss them and wish them well. The search for their replacements is going well, and we are looking forward to exploring the opportunities that will arise in the process.

Standards Based System/Curriculum Progress

We are working hard to make up for lost time and have noted our greatest challenge is supporting middle school and high school math. We have tutoring in place to try to fill in the gaps as we proceed, servicing not just higher level math, but all students from kindergarten through 11th grade (our highest grade this year).

Technology Progress

All is working well

Facility Update

The facility is in good shape.

LSAC Activity

We met on February 23rd to discuss the upcoming school year's calendar, next year's athletics, and our plans for a culture week at the end of the school year.

Volunteer Report

It was nice to see volunteers in the school again. During our Peewee tournament we had community members stepping up to operate the scoreboard, officiate, and form a team to give our high schoolers

some real competition. Many thanks to Josh Jenks who organized and led this effort, and to his student government team who performed admirably.

Pupil Attendance

Our attendance remains strong. We have added a few more students to our ranks.

Student and Staff Safety

We remain vigilant for signs of COVID, though nearly all of our students and staff have had it.

Subsistence Calendar

We are on a tight schedule due to COVID closures, but are managing to complete levels and are in the midst of our final push to end strong.

Other

Peewee Tournament

Jump Ball

Sanaya for the steal!

Otto - he shoots, he scoooooores! (sorta)

Apparently, dribbling is optional ...

Saint Patrick's Day celebrations

100th Day of Learning
