SSHS	83.65%	91.07% ↑
WCHS	88.90%	90.34% ↑
TOTAL:	87.84%	92.64% ↑

VISION WALKS

- Reinforces instructional priorities
- Gather data on practices
- Stimulate collegial conversations
- Learn from other participants through their observations, questions, experiences, and perspectives
- Deepen understanding through continuous feedback and monitoring
- Provides feedback to the school's stakeholders
- Focused on campus trends; not on individual teachers

The image shows three overlapping documents related to vision walks at South San Antonio ISD. The top document is a 'Visioning Walk Form' with fields for Campus, Focus (Fundamental Five plus Campus), Organization, and four groups of Observers (Teacher). The middle document is a 'Visioning Walk Notification' addressed to staff, explaining the purpose of the walks and listing examples of what to look for, such as 'Framing the Lesson' and 'Working in the Power Zone'. The bottom document is another 'Visioning Walk Form' with handwritten notes in the 'Focus' and 'Organization' sections.
