Re: High School Principal Report June 2019

Homedale Board of Trustees,

The school year is officially complete for the 2018-2019 school year. Graduation week was a success and although it was another very crowded graduation, it ran smoothly and we were able to get all of our seniors through the finish line. This summer we already have plans in place to go to work on the continued improvement of PBIS here in Homedale as well as continued work to see growth in some of our subject areas in regards to the ISAT assessment. I am excited to continue the great work that we are doing here in Homedale as a district and to continue to make improvements to the entire educational process here at HHS!
