

Safety and Security Update

October 2023

- **Weekly Door Sweeps** - started and on-going at every campus
- **Safety Drills** - since the start of school our campuses have conducted the following drills:

Lockdowns	Shelter in place	Secure and Hold	Evacuation/Fire
4	2	2	5

- **Intruder Audits** will be conducted in 2023-24 by State/TEA/Region 13 at HS, JHS, SES, and BP
 - Conducted September 19th, 2023
- **Safety and Security Committee Meeting #2 October 23rd 4pm-** discuss intruder audit, SSST, projects update
- **Safe and Supportive Schools Team(SSST)(Threat Assessment)** - currently monitoring plans; next planned meetings Nov. 3, 2023, Feb. 2, 2024, 1-2pm
- **RAPTOR Emergency Management System** - system is operational and training complete for each campus; central office, transportation, cafe staff is on-going; some issues but working well otherwise
- **Safety Audit cycle and Update** - EOP, Hazardous Material Annex with train derailment appendix, and a Severe Weather Annex are soon to be uploaded to TXSSC in next two weeks; also working to initiate/create psychological resiliency, communications, and reunification plans.
- **Security camera projects** (new and replacement) - continued review of current cameras; and BP, transportation department and CO are in review for “new” projects; added all new security and SRO officers to camera viewing App
- **Shatterproof Window Film Update** - Platinum 3M dealer company came out to SISD, presented a cost structure and basic pricing quote; we are in process of working through the quote/costs to evaluate future projects; required to install around the film around entrances of buildings(Zone 1); windows large enough to crawl through and less than 6-8ft. off the ground are optional (Zone 2); Two tiers of film that affect time of delayed entry; Tier 1- 2 minute delay, Tier 2 - 6 min delay, Tier 2 cost about 50% more than Tier 1)
- **Current Safety Projects of interest:** Knox boxes are ordered, awaiting arrival and installation at HS and BP; re-numbering and labeling of all exterior doors project is closer to completion, ZH will order number plates soon; we will recreate and redistribute maps to include new numbers and locations of AED, epi-pens, Narcan, bleeding stations, and safe spaces. Investigating fencing at HS, access control at several doors around campus.
- **Q/A and thanks!**
