Re: HB 3372 Exemption Requests

The recent passing and implementation of HB 3372 restricts certain financial activities of school administrators, by establishing new rules for their compensated work with outside entities. Specifically, administrators are prohibited from receiving payment for personal services from businesses that contract with their school district, educational service providers, or other school districts and charters. However, there is an exception: Administrators other than Superintendents and Assistant Superintendents can receive compensation if the Board approves it in a public vote, confirming it doesn't harm the district, present a conflict of interest, and is done on their personal time.

This past August, the Board approved outside work for three (3) campus and district administrators. At this time, we have one (1) additional request for the Board to consider:

Dr. Amber Lasseigne, Chief Financial Officer – To continue teaching Education Policy and Leadership (EPL) 7366 School Finance at Southern Methodist University (SMU)

RECOMMENDATION: An appropriate motion is as follows: “I move that the Board approve the exemption to HB 3372 for Dr. Amber Lasseigne, Chief Financial Officer, allowing her to continue her teaching commitments at Southern Methodist University.”
