Retention Bonus

It has been determined that it is in the best interest of the District for its employees receiving benefits to be paid a one-time retention bonus for the 2022-2023 school year.

Payment for 2022-2023 School Year

All currently employed full-time employees who are exempt from overtime in accordance with District Policy DEAB who are working for the District on September 15, 2022, and who intend to remain employed with the District for the school year will receive a one-time retention bonus of \$6,000.

All currently employed full-time employees and part time employees with benefits who are nonexempt from overtime in accordance with District Policy DEAB who are working for the District on September 15, 2022, and who intend to remain employed with the District for the school year will receive a one-time retention bonus of \$3,000.

The one-time retention bonus will be made as a lump sum payment in the paycheck scheduled on September 30, 2022.

This retention bonus is not for work already performed, but is being provided in an effort to benefit the District to retain current employees through the beginning of the school year and with the expectation that employees receiving the retention bonus will remain employed through the school year.

Employees who, by their own choice, fail to remain employed with the District through the 2022-2023 school year will be expected to reimburse the District.

Opportunity to Forgo Payment

Each employee who qualifies for a one-time retention bonus can elect to forgo the payment by contacting the human resources department in writing prior to September 20, 2022. There are many reasons why an employee may elect to not receive the one-time payment, there is no requirement that an employee wishing to forgo a retention bonus provide a reason to the District for such a decision.

Funding Sources

All laws and rules regarding funding sources for the retention payments will be followed.
