

DU PAGE ELEMENTARY SCHOOL DISTRICT 13
BOARD OF EDUCATION
Bloomingtondale, Illinois
Regular Meeting May 18, 2026

FOR ACTION

Subject: Approval of Intergovernmental Agreement

As part of a review of intergovernmental agreements, I have reviewed the need to renew or create documents with the Village of Bloomingtondale.

The attached intergovernmental agreement with the Village is for access to police body camera footage when officers are activating them within the school to conduct business. The data will be helpful when addressing student disciplinary matters or any public complaint that would include the school district when working cooperatively with the Bloomingtondale Police Department.

There are two other intergovernmental agreements that are still in progress. One addresses the opportunity for D13 work vehicles to use the fuel at the Village Public Works station on Glen Ellyn Road and the other shares access to school cameras with the Bloomingtondale Police to protect student and staff safety inside and around school buildings.

It is my recommendation to the Board to approve the intergovernmental agreement with the Village of Bloomingtondale, as presented.

Recommendation: The Board approve the intergovernmental agreement with the Village of Bloomingtondale, as presented.
