Date of Board Meeting: June 18, 2024

Subject: Information Item.

Recommendation: Utilize the different cooperative roofing contracts that the College has available, along with a possible invitation to bid, to solicit offers for repairs and roof coating for the standing seam metal roof on the Bahnsen Gymnasium.

Background and Rationale: The College has used cooperative contracts many times to gain a better value for the District and comply with State Bid Laws. The different cooperative contracts available can be very different in cost and what they contain. The Facilities Department is proposing that we review these contracts to see if one will cost effectively meet our needs for this project. If we are disappointed with what is currently available, we will go out for public bids and bring the results back to the Board of Trustees.

Cost and Budgetary Support: Estimated \$300,000.00
