

Independent School District No. 51  
**FOLEY HIGH SCHOOL**

*"Developing the Full Potential of the Individual"*

**Joel Foss, Principal**

### **MCA Testing**

The 10th grade reading and 11th math test will be administered the last week of April. The first week of May will be the 10 grade science test. We schedule them as close to the end of the state testing window as possible so teachers have covered as much of their course material as possible. We sent a letter to parents already letting them know the dates so hopefully we have most students in attendance those days.

### **Conference Nights**

April 8th and 10th were conference nights for the third trimester at the High School. Conferences were scheduled from 4 P.M. to 7 P.M. both nights. These were the last nights of scheduled conferences for this year.

### **Master Schedule for 25-26**

We have started working through the Master Schedule for 25-26 based on course requests and teacher availability. We work through student conflict so that as many students get their first choices as possible. This is a time consuming process each spring.

#### **Upcoming Dates**

April 18 and 21st	Spring Break (No School)
April 24th	Career Day
May 5th	Choir Concert
May 10th	Prom
May 12th	Band Concert
