

Qatqiññiagvik/RLC Report

The information has been compiled over the last 3 years. During the FY 19 school year, there were 4 educators on staff for the RLC program. As a result, there was a significant number of CTE courses created, delivered, which resulted in a significant number of certifications.

Please note FY 20- there were a significant number of courses that were cancelled due to COVID 19. Moving forward, we are planning Fall and Spring programs and hiring regional CTE teachers for FY 21. During FY21 we plan on providing courses in the following career areas:

- Construction Trades- carpentry, plumbing, welding,
- Business
- Culinary
- Health Care
- Music Performance and Production
- Middle School Career exploration
- High School Personal Learning and Career plans.
- STEM- FAB LAB, maker spaces, engineering career areas
