## CERTIFICATE OF BOARD

Goose Creek Consolidated Independent School District

Name of School District

Harris

County

101911

County-District

We, the undersigned, certify that the attached annual financial & compliance reports of the above named school district were reviewed and   X   approved        disapproved for the year ended June 30, 2025, at a meeting of the Board of Trustees of such school district on the 9th day of February, 2026.

-----  
Signature of Board Secretary

-----  
Signature of Board President

This page left blank intentionally.

February 9, 2026

To the Board of Trustees and Citizens of  
Goose Creek Consolidated Independent School District:

The Texas Education Code requires that all school districts file and publish a complete set of financial statements with the Texas Education Agency ("TEA") within 150 days of the close of each fiscal year; however, due to the delay of the release of the 2025 Compliance Supplement, this time period was extended. The financial statements must be presented in conformity with accounting principles generally accepted in the United States of America. The financial statements must be audited by a firm of licensed certified public accountants in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Pursuant to these requirements, we hereby issue the Annual Comprehensive Financial Report (ACFR) of the Goose Creek Consolidated Independent School District ("District" or "Goose Creek") for the year ended June 30, 2025.

This report consists of management's representations concerning the financial condition and operations of the District. Accordingly, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to help protect the District's assets from loss, theft, or misuse and to compile sufficient reliable information for the presentation of the District's financial statements in conformity with accounting principles generally accepted in the United States of America. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement.

Mays & Associates, PLLC a firm of licensed certified public accountants, has audited the financial statements of the District. The goal of the independent audit was to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2025 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall basic financial statement presentation. The independent auditor concluded, based upon the audit, that there was reasonable basis for rendering an unmodified opinion that the District's basic financial statements for the fiscal year ended June 30, 2025 are fairly presented in conformity with accounting principles generally accepted in the United States of America. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the basic financial statements of the District is part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the basic financial statements, but also on the audited government's internal controls and compliance with legal requirements, with emphasis on the administration of federal awards. These reports are presented as part of the ACFR's Federal Awards Section.

The Governmental Accounting Standards Board (GASB) requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of the Management's Discussion and Analysis ("MD&A"). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the Independent Auditor's Report.

## PROFILE OF THE DISTRICT

Established in February 1919, the District is the 57th largest school district in Texas encompassing 134 square miles. The District includes both the City of Baytown and the community of Highlands with a current combined population of over 112,696. The District is located 27 miles east of downtown Houston, Texas, in eastern Harris and western Chambers counties.

Over 3,700 full-time employees are employed by the District, which provides a high-quality education to approximately 24,000 students. The district exceeded 24,000 students for the first time in the 2023 school year. Enrollment decreased by less than 1%, or from 24,108 in 2024 to 24,032 in the 2025 school year. The District prides itself on its diversity. Student demographics for 2024-25 are: 65.7% Hispanic, 13.8% White, 16.2% African American, 1.5% Asian, .3% Native American, 0.1% Native Hawaiian/Pacific Islander, and 2.2% of two or more races. About 74 percent of students are considered economically disadvantaged.

Residents of the District elect members of the Board of Trustees to four-year terms from each of seven single-member districts. The Trustee seats are up for election on a rotating basis on the second Saturday in May on odd-numbered years. Vacancies may be filled by appointment until the next election. Trustees elect Board officers, including President, Vice President, Secretary and Assistant Secretary. The Trustees serve the citizens of Baytown and Highland's school system without compensation.

District facilities include one primary school, one early learning academy, sixteen elementary schools, six junior schools, three traditional high schools, an early college high school, a career technical education high school, two alternative learning centers, as well as an administration building, maintenance, operations, and transportation center, technology management services center, and an instructional support center.

## MISSION, CORE VALUES AND VISION

Mission: "Developing the Whole Child"

Goose Creek CISD develops and enhances each learner's intellectual, social, and emotional well-being facilitated by a highly qualified team committed to Growth, Community, Collaboration, Innovation, Success and Determination.

The District's vision is: We empower every student with the knowledge and skills they need to succeed in a global community.

The District's core values are:

- Preparing all students for college and career readiness with the ability to build collaborative relationships, lead dynamically, communicate skillfully, and think critically.
- Providing a safe and secure environment for all students and staff, including physical, social, and emotional development and support.
- Building partnerships with families and the community to support our schools in a meaningful way.
- Creating a culture of mutual respect, dignity, and transparency to build trust with each other and those we serve.
- Providing every student with equitable access to high-quality instruction, supports, facilities, and other educational resources, even when this means differentiating resource allocation.

The District provides a full range of educational services for grade levels Pre-K through 12. These programs include regular and enriched academic education, special education for students with disabilities, occupational and vocational education, bilingual instruction for students with limited English proficiency, and specialized instruction for economically disadvantaged students.

Academically talented students may seek challenges in pre-Advanced Placement, Advanced Placement, and dual credit courses in a variety of subjects. In addition, students may study different foreign languages. The District provides programs for gifted students in a variety of settings in grades K-12 that focus on the development of higher-level and cognitive thinking skills. The District is fully accredited by the TEA at all levels of instruction.

## FINANCIAL INFORMATION

### Internal and Budgetary Controls

The development and evaluation of the District's accounting system considers the adequacy of the internal control structure. The internal control structure is designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition, and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets.

The concept of reasonable assurance recognizes that (1) the cost of controls should not exceed the benefits expected to be derived, and (2) the evaluation of costs and benefits requires estimates and judgments by management.

We believe that the District's accounting controls provide reasonable assurance that errors or irregularities that could be material to the financial statements are prevented or would be detected within a timely period by employees in the normal course of performing their assigned functions.

As a recipient of federal, state and local grants, the District is also responsible for an adequate internal control structure that ensures compliance with applicable laws and regulations related to the grants. All funded grants are subject to testing as part of the District's Single Audit as mandated by the Office of Management and Budget Circular A-133. The results of the District's Single Audit for the year ended June 30, 2025 reported no material weaknesses in the internal control structure or significant violations of applicable laws and regulations.

Budgetary controls are established by regulations of the Texas Education Agency and by District policy for all administrators with line item responsibility. TEA regulations set the level of budgetary control at the major functional expenditure level. Administrators have the responsibility to develop and manage their own program budgets once approved. Revisions within the categories are accepted upon request, but additions in amount or revisions between functions require recommendation of the Superintendent and approval by the Board of Trustees.

School districts are legally required to adhere to the Texas Education Code by establishing an annual budget. The District follows these legal requirements and an annual budget, prepared on the modified accrual basis of accounting, is adopted for the General, Child Nutrition, and Debt Service funds. The Capital Project funds adopt project length budgets as outlined in TEA's Financial Accountability System Resource Guide. Encumbrances lapse at year-end and all outstanding purchase orders are carried forward into the next fiscal year and re-encumbered.

### General Educational Functions

Principally, local taxes and state entitlements support general educational activities. Direct federal aid is nominal in the General Fund; however, the Special Revenue Fund receives most of its funding from Federal grants, which are distributed through the Texas Education Agency. General educational activities are accounted for in the General and Special Revenue Funds. State and federal grants or entitlements primarily support the Special Revenue Fund. They include support for the economically and academically disadvantaged, federal support for special and vocational education, and a variety of other projects as described in the Combining Statements.

### Fiscal and Strategic Planning

The estimated annual change in student enrollment was a decrease of less than 1 percent for 2025 and a 2.6 percent decrease for the 2026 school year. As a result, this requires adequate planning to insure appropriate utilization of limited resources. Student enrollment drives the District's planning process along with the administration's commitment to providing the best education possible for our students. The District's strategic planning is an ongoing process lead by the Superintendent and Executive Staff. The planning process begins with statistical analysis of the results of State mandated standardized testing and leads to the development of campus plans and educational programs to achieve the District's goals. This planning process identifies the educational needs of the District to drive the campus plans and the proper allocation of all District resources.

It is the responsibility of the Business Services Department to oversee the financial planning, tracking and accounting for the finances of the District in serving the community and its students. The Superintendent's Office and Executive Staff oversee and coordinate all the elements involved in the strategic and financial planning process for the District on a long-term basis each fiscal year. The District has implemented various strategies to ensure a balanced general fund budget is adopted each fiscal year.

The District adopted a total tax rate for 2024-2025 of \$1.0725 per \$100 property valuation. The tax rates adopted for 2025-2026 were \$1.0700 for maintenance and operations (M&O), and \$0.3250 for interest and sinking (I&S).

### ECONOMIC CONDITION AND OUTLOOK

Funding for Texas's public schools comes from three main sources: local school district property taxes, state funds, and federal funds. Most of the funding comes from local property taxes and state funding which is based on the number of students in the District, the type of instructional services provided, and the school district's property wealth and tax collection efforts. Total state revenues guarantee school districts a set amount of funds per student. Each legislative biennium, the amount per student may be revised to account for changes in the cost of educating students.

Property tax revenue can be increased by increasing the property tax rate or by an increase in the valuation of property within the District. Any change in local property tax revenue received due to growth in property value is offset by a comparable reduction in State funding. The property tax rate for the school district's maintenance and operations (M&O) rate adopted was reduced to \$.7570 per one hundred dollars of valuation for 2024-2025.

Decreases in local M&O property tax revenues increase the amount of State funding that will be received under the "hold-harmless" provisions of the state funding formula. The increase or decrease in property tax revenue triggers a corresponding change in State funding to return the total revenue received for the two primary sources of funding to the target revenue amount. The District's 2025 M&O taxable property values increased nearly 2% with the increase of homestead exemption to \$140,000.

The current local unemployment increased to 5%, up from 4.7% compared to the prior year and is higher than both current national and state unemployment rates of 3.7% and 4%, respectively. Texas' seasonally adjusted total nonfarm employment increased to 14,341,000 after 19,700 jobs were added over the month. Texas added 132,500 jobs from December 2024 to December 2025. Texas' annual nonfarm growth rate currently sits at 4.3 percent, outpacing the U.S. growth rate by 0.3 percentage points.

Located in both Harris and West Chambers County, Baytown is situated along the prosperous Texas Gulf Coast and has abundant natural resources of oil, natural gas, seawater, and fresh water. The Baytown/West Chambers area has become the hub of such energy-related industries as oil refining, rubber, chemicals, carbon black plants, and industrial distribution sites. A large part of the U.S. petrochemical production is based in the Houston area, and a significant portion of this industry is in the Baytown/Highlands area.

Baytown continues to experience economic expansion, primarily centered around advanced manufacturing, the petrochemical and green energy sectors, and logistics and distribution. The city's location on the Houston Ship Channel and access to major infrastructure are key drivers of this growth. Baytown is a global industry hub, home to major players like ExxonMobil, Covestro, Chevron Phillips. Both Air Liquide and NRG have expansion projects on the horizon. Additionally, the warehousing projects in Cedar Port Industrial Park continue to increase. There are also master-planned residential projects such as Baytown Crossings, Trinity Oaks, Southwinds, and Cay Landing with estimates suggesting upwards of 15,000 new homes.

In September 2025, Governor Abbott announced that NRG Energy secured a \$562 million Texas Energy Fund (TxEF) loan to construct a new 721-megawatt (MW) natural gas power plant at the existing Cedar Bayou Generating Station in Chambers County. This \$936 million project, designed to bolster grid reliability in the Electric Reliability Council of Texas (ERCOT) Houston Load Zone, is expected to be operational by summer 2028. The expansion, which utilizes state-backed financing to meet rising energy demands, represents a significant investment in dispatchable generation for the region.

Houston's 2025 economy remains robust, building on 2024's momentum as a top U.S. metro for growth with a projected continued rise in GDP and employment, driven by diverse sectors including health care, manufacturing, and energy. The region is expected to navigate global trade uncertainties by leveraging its position as a leading exporter, while sustained population growth supports strong housing demand. Despite potential slowing in the broader U.S. economy, Houston's economy is poised for continued, though potentially more moderate, growth.

## SUMMARY OF ACHIEVEMENTS, AWARDS AND ACKNOWLEDGMENTS

The District's achievements continue to be heralded in local and state levels. The District enjoys a well-deserved reputation for academic and financial excellence and continues to receive numerous accolades for the performance of its students. Most recently, the District has been recognized for the following:

- The District achieved a "superior" rating on the Schools Financial Integrity Rating System of Texas (FIRST) for the twenty-second consecutive year.
- For 2024-2025 school year, the district received a "C" rating from the Texas Education Agency.

### Certificates of Achievement for Excellence in Financial Reporting

For the year ended June 30, 2024, the District was awarded the "Certificate of Achievement for Excellence in Financial Reporting" by the Government Finance Officers Association (GFOA) of the United States and Canada and the "Certificate of Excellence in Financial Reporting Award" by the Association of School Business Officials International (ASBO). In order to be awarded a Certification in Financial Reporting, a government unit must publish an easily readable and efficiently organized ACFR whose contents conform to program standards. Such reports must satisfy both GAAP and applicable legal requirements.

Each of these awards is valid for a period of one year only. The District has received the GFOA award for twenty-seven consecutive years and the ASBO award for thirty-one consecutive years. We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we will once again submit them to the GFOA and the ASBO.

### Acknowledgments

We appreciate the support of the Board, the citizens of the District, and the business community, all who work cooperatively to ensure the best education for District students. This cooperation is indicative of strong support for the attainment of excellence in the District's educational programs.

Also, we would like to express appreciation to all employees of the District for their interest and support in planning and conducting the financial affairs of the District in a responsible and progressive manner.

The preparation of this report on a timely basis involves the entire staff of the Finance and Business Services Department. We are grateful for everyone's assistance in making this system work smoothly and efficiently. We also want to express our appreciation to the bookkeepers and administrative assistants for their contributions to the process. We also acknowledge the Technology Department for the help and support they provide in managing our databases and helping us with financial reporting.

We also want to thank our independent auditors, Mays & Associates, PLLC, whose professional competence and leadership assisted us in developing this award-winning report.

Brigitte M. Clark, Chief Financial Officer

## INDEPENDENT AUDITORS' REPORT

To the Board of Trustees  
GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
Baytown, Texas

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Goose Creek Consolidated Independent School District (the District), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2025, and the respective changes in financial position, and, where applicable, cash flow thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and TRS pension and OPEB schedules on pages 21-32 and 89-99 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and compliance schedules required by the Texas Education Agency, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the compliance schedules required by the Texas Education Agency are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated February 9, 2026, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2025

As management of Goose Creek Consolidated Independent School District (the District), we provide this narrative overview of the District's financial performance for the year ended June 30, 2025. We encourage readers to consider the information presented below in conjunction with the information included in the independent auditors' report and the District's Basic Financial Statements which follow this section.

## FINANCIAL HIGHLIGHTS

The District's total assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources at June 30, 2025 by \$155,655,102 on the government-wide financial statements. Of this amount, \$(61,970,601) represents unrestricted net position, which may be used to meet the District's ongoing obligations. Changes in revenue and expenses compared to the prior year continue to reflect the overall effects of GASB 68 and 75. In prior years, the District adopted GASB Statement No. 68, Accounting and Financial Reporting for Pensions and GASB Statement No. 75, Accounting and Reporting for Other Post-Employment Benefit Plans (OPEB). With GASB No. 68, the District must recognize their long-term obligation for pension benefits as a liability and with GASB No. 75, their proportionate share of the Net Other Post-Employment Benefits (OPEB) liability of the Teacher Retirement System. The District's net Pension liability at year end totaled \$93.3 million and the OPEB liability at year end totaled \$56.7 million. Other local revenue was generated in the current fiscal year from the District's chapter 313 value limitation agreements. The District's total net position increased by \$25.9 million for the current fiscal period.

The District's governmental funds reported combined ending fund balances of \$211,201,541 at June 30, 2025. Of this amount, \$139,687,608 is classified as non-spendable, restricted, committed or assigned primarily for long-term debt, disaster recovery and construction obligations, resulting in \$71,513,933 unassigned and available to spend at the District's discretion.

At the end of the current fiscal period, the total fund balance for the general fund was \$106,671,194 or 38% of total general fund expenditures. The unassigned fund balance of \$71,513,933 (26% of total general fund expenditures) is available to spend at the District's discretion.

## OVERVIEW OF THE FINANCIAL STATEMENTS

*Management's discussion and analysis* (this section) is intended to serve as an introduction to the District's *basic financial statements*. The *basic financial statements* are comprised of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements.

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the District's overall financial status.
- The remaining statements are *fund financial statements* that focus on individual parts of the government, reporting the District's operations in more detail than the government-wide statements. The *governmental funds* statements tell how *general government* services were financed in the *short-term* as well as what remains for future spending.

GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2025

- *Proprietary fund* statements offer *short and long-term* financial information about the activities the government operates *like businesses*, such as the District's self-insurance workers' compensation program. *Fiduciary fund* statements provide information about the financial relationships in which the District acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.
- The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The basic financial statements are followed by a section of other *required supplementary information* that further explains and supports the information in the financial statements. The remainder of this overview section of *management's discussion and analysis* explains the structure and contents of each of the statements.

### Basic Financial Statements

#### **Government-Wide Statements**

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. All the District's services are reported in the government-wide financial statements, including instruction, instructional leadership, student support services, curriculum and staff development, general administration and debt services. Property taxes, state foundation funds and grants finance most of these activities.

The Statement of Net Position includes all the government's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the two reported as total net position. Net position is one way to measure the District's financial health or position. Over time, increases or decreases in the District's net positions are indicators of whether its financial health is improving or deteriorating, respectively. To fully assess the overall health of the District, however, non-financial factors need to be considered as well, such as changes in the District's average daily attendance, its property tax base and the condition of the District's facilities.

The Statement of Activities presents information for all the current year's revenues and expenses regardless of when cash is received or paid. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

#### **Fund Financial Statements**

A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related requirements. The fund financial statements provide more detailed information about the District's most significant funds -- not the District as a whole.

Funds are accounting devices used by the District to keep track of specific sources of funding and spending for particular purposes. Some funds are required by State law and by bond covenants. The Board of Trustees establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2025

The District has three fund types:

*Governmental funds* - Most of the District's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, it is useful to compare the information presented for governmental funds, with similar information presented for governmental activities in the government-wide financial statements. In doing so, readers may better understand the long-term impact of the government's near-term financial decisions. To further assist readers, reconciliations are provided that include additional information explaining the relationship (or differences) between the fund financial statements and government-wide financial statements on Exhibits C-2 and C-4.

The District maintains numerous governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the general fund, debt service fund and capital project funds, which are considered to be major funds. Data from the other governmental funds are combined in a single, aggregated presentation. The District adopts an annual appropriated budget for its General Fund, Child Nutrition Program, and Debt Service Fund. A budgetary comparison schedule has been provided to demonstrate compliance with these budgets.

*Proprietary funds* - Proprietary funds provide the same type of information as the government-wide financial statements only in more detail. Proprietary funds, like government-wide statements, provide both long- and short-term financial information. The District reports one type of proprietary fund, the Internal Service Fund. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the various functions. The District uses an internal service fund to report activities for its self-insured workers' compensation program.

*Fiduciary funds* - Fiduciary funds are used to account for resources held for the benefit of parties outside the government. The District is the trustee, or fiduciary, for certain funds. It is also responsible for other assets that, because of a trust arrangement, can be used only for the trust beneficiaries. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All the District's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary fund net position. The fiduciary funds are excluded from the activities reported in the District's government-wide financial statements because the District cannot use these assets to finance its operations.

GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2025

**Notes to the Financial Statements**

The notes provide additional information that is essential to a complete understanding of the data provided in the government-wide and fund financial statements.

**Required Supplementary Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information that further explains and supports the information in the financial statements. The Required Supplementary Information relates to comparison of the original adopted budget, the final amended budget, and the actual results for the fiscal period. This is required supplementary information for the general fund and any major special revenue funds. The District did not have any major special revenue funds during the period.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Presented below are summary tables for the Statement of Net Position and Statement of Activities for both current period and prior-year data. Our analysis focuses on the current period and the comparison of prior year amounts on the net position and changes in net position of the District's governmental activities.

**Net Position**

As noted earlier, net position may serve over time as a useful indicator of a government's total financial position. As of June 30, 2025, assets and deferred outflows of resources exceed liabilities and deferred inflows by \$155.7 million which is a net increase of \$25.9 million from 2024.

COMPARATIVE SCHEDULE OF NET POSITION			
	Governmental Activities		Change
	2025	2024	2025-2024
Current and other assets	\$ 274,941,152	\$ 266,600,474	\$ 8,340,678
Capital assets and non current assets	749,584,693	764,469,102	(14,884,409)
Total assets	1,024,525,845	1,031,069,576	(6,543,731)
Total deferred outflows of resources	65,971,543	68,963,865	(2,992,322)
Other liabilities	55,791,733	50,256,528	5,535,205
Long-term liabilities	799,890,592	858,426,689	(58,536,097)
Total liabilities	855,682,325	908,683,217	(53,000,892)
Total deferred inflows of resources	75,441,370	83,666,519	(8,225,149)
Net position:			
Net investment in capital assets	156,016,296	131,213,969	24,802,327
Restricted	61,609,407	46,408,748	15,200,659
Unrestricted	(61,970,601)	(47,880,298)	(14,090,303)
Total net position	\$ 155,655,102	\$ 129,742,419	\$ 25,912,683

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2025**

Net Investment in Capital Assets used for governmental activities (e.g., land, buildings and improvements, furniture and equipment, and construction in progress) is \$156 million as of June 30, 2025. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending.

Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities. Unrestricted net position, which can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements, amounted to \$(61.9) million at June 30, 2025.

### Changes in Net Position

The Net Position of the District increased by \$25.9 million for the fiscal year ended June 30, 2025. The total revenue from taxpayers, user service fees, grants and other sources for the District was \$392.8 million, an increase from fiscal year 2024 of \$14.5 million. Total expenses net of program revenues for 2025 were \$366.9 million or \$7 million lower than 2024 expenses.

<b>COMPARATIVE SCHEDULE OF CHANGES IN NET POSITION</b>					
	<b>2025</b>	<b>Governmental Activities %</b>	<b>2024</b>	<b>%</b>	<b>Change 2025-2024</b>
<b>Revenues</b>					
Program revenues:

GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2025

The increase in Net Position of \$25.9 million is due to the increase in operating grants and contributions, property taxes, investment earnings, and the continuing fluctuation in cost of post-employment benefits associated with Governmental Accounting Standards Board (GASB), Statement No.75, *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions* and pension related costs associated with Governmental Accounting Standards Board (GASB), Statement No.68, *Accounting and Financial Reporting for Pensions*. GASB Statement No. 75 established accounting and financial reporting requirements for governments that provide their employees with Post-Employment benefits other than pensions and GASB Statement No. 68 established accounting and financial reporting requirements for governments that provide their employees with pensions. The primary objective of these Statements was to improve accounting and financial reporting by state and local governments.

The District participates in a statewide teacher retirement system (TRS), a cost-sharing multiple employer defined benefit pension plan. TRS is the largest public retirement system in Texas in both membership and assets. The TRS trust fund is sustained principally by three sources — earnings on investments, employer contributions, and member contributions. In fiscal year 2015, governments providing defined benefit pension plans were required to recognize their long-term obligation for pension benefits as a liability on their accrual-based, government-wide statement of net position. This provides citizens and other users of these financial reports with a clearer picture of the size and nature of the financial obligations to current and former employees. The Statement also enhances accountability and transparency through revised and new note disclosures and required supplementary information (RSI).

This was an important change that clearly depicts the government's financial position. While this information will, in some cases, give the appearance that a government is financially weaker than it was previously, the financial reality of the government's situation will not have changed. Reporting the net pension liability on the face of the financial statements will more clearly portray the government's financial status because the pension liability will be placed on an equal footing with other long-term obligations.

At June 30, 2025, the District reported a net pension liability of \$93.3 million for its proportionate share of TRS's net pension liability and a net OPEB liability of \$56.7 million for its proportional share of the District's Other Post-employment benefits other than Pension.

### **Governmental Activities**

Total revenues for the District's governmental activities for the fiscal year increased by \$14.5 million or 3.8 percent from fiscal year 2024. Local property tax revenues increased by \$21.7 million and state funding, local and program revenues decreased by \$7.2 million. Total expenses decreased by \$7 million.

GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2025

Approximately 59% percent of the District's revenues came from property taxes, charges for services, and other local revenue, while 41% percent was derived from state aid and operating grants.

The District expended 55% percent of total governmental expense for instructional activities. When combined with student and other support services such as transportation, counseling and nursing, 73% percent of the District's expenses were for direct student services. Total governmental activities expenses per pupil in average daily attendance totaled \$18,403 in 2025 versus \$18,386 in 2024.

GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2025

**FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS**

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance related legal requirements, bond covenants, and segregation for particular purposes.

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and the balances available for spending. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of a fiscal year.

As of June 30, 2025, the District's governmental funds (shown on Exhibit C-1) reported a combined ending fund balance of \$211 million, an increase of \$1.5 million from the prior year, June 30, 2024.

Of the total fund balance, \$71.5 million, or approximately 34 percent, constitutes unassigned fund balance. The remainder of fund balance is non-spendable, restricted, committed or assigned for particular purposes as follows:

<b>Fund Balances</b>	<b>Total Governmental Funds</b>
Nonspendable:	
Inventories	508,835
Prepaid items	974,341
Restricted:	
Federal or state funds - child nutrition	14,673,510
Capital acquisition and contractual obligation	19,744,675
Retirement of long-term debt	51,582,009
Other state or local funds	17,026,577
Committed - Others	33,817,275
Assigned - Others	1,360,386
Unassigned	71,513,933
<b>Total</b>	<b><u>\$ 211,201,541</u></b>

The General Fund is the primary fund of the District. As of June 30, 2025, unassigned fund balance of the General Fund was \$71.5 million. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 26 percent of total general fund expenditures for the year ended June 30, 2025, while total fund balance represents 76 percent of that same amount.

The fund balance of the District's general fund increased \$1.6 million for the year ended June 30, 2025. The increase in fund balance resulted from continued close monitoring and control of budget expenditures as the district faced its third year of reductions.

The Debt Service Fund realized revenues of \$69.5 million and expenditures of \$54.6 million for the year ended June 30, 2025. The fund balance of the debt service fund, restricted for the payment of the District's debt, increased to \$51.6 million as of June 30, 2025.

The Capital Projects fund includes revenues of \$16.3 million from Ch 313 pilot (supplemental) payments, foreign trade zone revenues and investment earnings. The Capital Projects Fund

GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2025

incurred construction-related expenditures of \$22 million for the year ended June 30, 2025. Projects for 2025 included construction of new field house, professional development building and Empower Academy along with facility district-wide improvements to various facilities. Fund balance in the Capital Projects Fund at June 30, 2025 was \$36.5 million.

The Proprietary Funds statements (Exhibit D-1 to D-3) provide the same type of information found in the government-wide financial statement but in more detail. The District's internal service fund is used to support governmental activities of the District's self-insured workers' compensation program. The District's self-insured workers' compensation program total net position was \$4.8 million at June 30, 2025.

### General Fund Budgetary Highlights

The District adopted a deficit operating budget for fiscal year 2025. The adopted budget revenues for 2025 were decreased by \$1.8 million (from \$264.5M to \$262.7M) due to decline in average daily attendance. In addition, the District increased its budgeted operating expenditures by \$4.2 million (\$271.2M to \$275.4M). These budget amendments were primarily for encumbrance carry-forwards, increase cost for health insurance subsidy, acquisition of land, adjustment to tax revenue due to tax rate decrease, and precautionary function coverage.

For the year ended June 30, 2025, actual revenues were higher than estimated revenues by \$20.5 million. This favorable variance resulted primarily from an increase local revenues, increased state funding adjustments, and in TRS on-behalf. In addition, actual expenditures fell below budgeted expenditures and other sources and uses by \$5.6K. This favorable variance resulted primarily the delay in receiving goods and services ordered resulted in outstanding encumbrances to be rolled forward to the next fiscal year.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

### Capital Assets

As of June 30, 2025, the District's investment in capital assets was \$749.5 million, net of accumulated depreciation. The investments in capital assets include a broad range of capital assets, including land, buildings and improvements (including infrastructure), furniture and equipment and construction in progress (see Table III). This amount represents a net decrease (including additions and deductions) of \$14.8 million from last year.

	2025	2024
Land	\$ 37,599,415	\$ 33,745,465
Buildings and improvements	965,402,593	921,015,345
Furniture and equipment	172,565,074	169,403,107
Construction in progress	1,135	29,955,967
	1,175,568,217	1,154,119,884
Accumulated depreciation	(425,983,524)	(389,650,782)
<b>Net capital assets</b>	<b>\$ 749,584,693</b>	<b>\$ 764,469,102</b>

While total capital assets decreased by \$14.8 million, it is important to note that \$29.9 million of Construction in Progress projects were completed and placed in service, as reflected in the Buildings and Improvements category from 2024 to 2025. Such projects include renovations to

GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2025

the central administration building, facility management complex and fabrication center. Additional information on the District's capital assets can be found in Note II.B. of the financial statements.

More detailed information about the District's capital assets can be found in the notes to the financial statements.

### Long-Term Liabilities

At June 30, 2025, the District had long-term liabilities of \$803 million. In addition, Maintenance Tax Notes, Series 2019 totaling \$32 million were issued to fund energy savings projects within the District. The project was completed in fiscal year 2020-2021 and has a balance of \$22.1 million. More detailed information about the District's debt is presented in Note II.E. and II.F. of the financial statements.

The District's bonds are rated "AAA" by both Standard and Poor's and Fitch Ratings as a result of the guarantee by the Permanent School Fund of the State of Texas.

	Outstanding 7/1/2024		Additions		Reductions		Outstanding 6/30/2025
Bonds payable (net)	\$ 583,377,572	\$	-	\$	(32,335,000)	\$	551,042,572
Deferred bond components	81,059,091		160,342		(4,519,188)		76,700,245
Other liabilities	193,990,026		12,280,942		(30,405,802)		175,865,166
	<u>\$ 858,426,689</u>	\$	<u>12,441,284</u>	\$	<u>(67,259,990)</u>	\$	<u>803,607,983</u>

More detailed information about the District's long-term liabilities can be found in the notes to the financial statements.

JUNE 30, 2025

**Economic Factors, Next Year's Budgets and Tax Rates**

Signed in June 2025 by Governor Abbott, House Bill 2 (HB 2) delivers a record \$8.5 billion in new Texas public education funding, focusing heavily on teacher compensation, campus security, and increased per-student resources. The legislation specifically directs \$4 billion toward teacher and staff retention allotments, aiming for permanent salary raises, alongside a \$55 increase to the basic allotment. Furthermore, HB 2 bolsters school security with \$430 million for safety initiatives, provides \$1.3 billion for operational costs like insurance and utilities, and allocates over \$1.4 billion combined for special education reforms and early literacy strategies. This comprehensive package aims to combat inflation while providing resources for Career and Technical Education (CTE) and enhancing staff retention.

The impact of COVID-19 has had lasting effects in that declines in average daily attendance have been plaguing school districts across the country. According to the American Enterprise Institute, chronic absenteeism has nearly doubled since before the pandemic. The 2025 school year resulted in a decrease in enrollment of 76 students to approximately 24,032 when compared to last year due to The Bob Hope School opening within district boundaries. However, average daily attendance decreased by 131 students, which is the metric by which the district is funded. Similar to national trends, average daily attendance has waned and the district has yet to break the 22,000 mark since the 2020 school year. The District anticipates decreases in enrollment over the next five years, estimated up to one percent annually.

The 2024-2025 adopted General Fund budget appropriates \$269 million compared to a \$274 million final amended budget for the fiscal year ended June 30, 2024. The reason for the year-over-year decrease is due to the continued annual budget reductions. Even with the reductions, the district was able to offer up to 7% for teachers and a 2% general pay increase for all other employees in the 2024-2025 budget.

Following the adoption of the 2024-25 budget, the district was notified of a shortfall in the health insurance program for employees. In order to maintain lower premiums, the board of trustees approved a subsidy of approximately \$12 million for this school year. The district will include any additional insurance costs in the proposed 2025-2026 General Fund budget for which planning will begin early next year. The district will reenter TRS-Care on September 1, 2026, which has a fee of approximately \$4 million and will be included in 2026-2027 budget planning. This transition will offload risk of loss to the TRS-Care system.

The Goose Creek CISD 2024-2025 budget included a maintenance and operations tax rate of \$.7450 and a debt service tax rate of \$.325 for a total tax rate of \$1.0700 which represents a decrease in the total tax rate of cent from the prior year which is attributable to the maintenance and operations tax rate only. The debt service tax rate remained the same year over year.

In May 2019 the voters authorized the issuance of bonds totaling \$335,725,000 for the construction, acquisition and equipment of school buildings, including facility renovations and improvements and district-wide technology upgrades, the purchase of necessary sites for school buildings, and the purchase of new school buses. The District sold \$128 million in bonds during fiscal year 2020, \$118 million in September of 2020, and the remaining \$90 million in June of 2021. These bond projects are now essentially complete.

GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2025

The District has entered into agreements pursuant to Tax Code, Chapter 49, Texas Economic Development Act, to strengthen the local economy by expanding the ad valorem property tax base. Long-term financial projections include additional local revenues which will help to improve the overall performance of the District's education system. However, the 88th legislature made substantial changes to the rules by allowing Chapter 313 of the Tax Code to expire and adding Chapter 403 to the Government Code, which essentially prohibits school districts from benefiting from such agreements in the future. However, current agreements continue unchanged under the former Chapter 313 rules.

**REQUESTS FOR INFORMATION**

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the District's financial services office.

GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE  
STATEMENT OF NET POSITION  
JUNE 30, 2025

EXHIBIT C-2

<b>Total Fund Balances - Governmental Funds</b>	<b>\$ 211,201,541</b>
1 The District uses internal service fund to charge the costs of the District's self-insured workers' compensation plan. The assets and liabilities of the internal service fund are included in governmental activities in the statement of net position. The net effect of this consolidation is to increase net position.	4,828,214
2 Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds. The cost of these assets is \$1,137,967,667 and the accumulated depreciation is \$425,983,524. The net effect is an increase to net position (See Note II. B.).	749,584,693
3 Long-term liabilities, including bonds payable, and liabilities associated with long-term debt, are not due and payable in the current period, and, therefore, are not reported as liabilities in the governmental funds. The effect of these long-term liabilities is a decrease to net position (See Note II. E.).	(653,623,208)
4 Included in the items related to debt is the recognition of the District's proportionate share of the net pension liability required by GASB 68 in the amount of \$93,330,934, a deferred inflow of resources related to TRS in the amount of \$12,663,384, and a deferred outflow of resources related to TRS in the amount of \$24,531,167. The effect of these pension related items is a decrease to net position (See Note III.E.).	(81,463,151)
5 Included in the items related to debt is the recognition of the District's proportionate share of the net OPEB liability required by GASB 75 in the amount of \$56,653,841, a deferred inflow of resources related to TRS in the amount of \$62,777,986, and a deferred outflow of resources related to TRS in the amount of \$31,932,663. The effect of these pension related items is a decrease to net position (See Note III.C.).	(87,499,164)
6 Recognizing deferred revenue (property taxes) as revenue in the government-wide statements to convert from modified accrual basis of accounting to the accrual basis of accounting. The net effect is an increase to net position.	10,875,547
7 Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include eliminating interfund transactions, recognizing the bond components (deferred charge on refunding) associated with bonds, and accrued interest. The net effect of these reclassifications and recognitions is to increase net position.	1,750,630
<b>29 Net Position of Governmental Activities</b>	<b>\$ 155,655,102</b>

The notes to the financial statements are an integral part of this statement.

GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,  
AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED JUNE 30, 2025

EXHIBIT C-4

<b>Total Net Change in Fund Balances - Governmental Funds</b>	<b>\$ 1,486,456</b>
The District uses an internal service fund to charge the costs of the District's self-insured workers' compensation plan to appropriate functions in other funds. The net profit of internal service funds are reported with governmental activities. The net effect of this consolidation is to increase net position.	688,998
Current year capital outlays are expenditures in the fund financial statements, but they should be shown as increases in capital assets in the government-wide financial statements. The net effect of removing capital outlays is to increase net position. (See Note II. B.)	23,790,529
The governmental funds report bond proceeds as an other financing source, while repayment of bond principal is reported as an expenditure. Also, governmental funds report bond premiums and discounts when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The effect is to increase net position. (See Note II. E.)	35,096,455
Depreciation is not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation is to decrease net position. (See Note II.B.)	(38,562,194)
Changes in the District's proportionate share of the net pension liability, deferred outflows of resources, and deferred inflows of resources related to the Teacher Retirement System of Texas for the current year are not reported in governmental funds but are reported in the government-wide financial statements. The net effect of these changes is a decrease to net position.	(3,956,379)
Changes in the District's proportionate share of the net OPEB liability, deferred outflows of resources, and deferred inflows of resources related to the Texas Public School Retired Employees Group Insurance Program (TRS-Care) for the current year are not reported in governmental funds but are reported in the government-wide financial statements. The net effect of these changes is a increase to net position.	8,017,611
Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing deferred revenue as revenue, adjusting current year revenue to show the revenue earned from the current year's tax levy \$81,648, eliminating interfund transactions, recognizing the net effect of retirement of capital assets (\$112,744), and recognizing the liabilities associated with maturing long-term debt and interest (\$617,697). The net effect of these reclassifications and recognitions is to decrease net position.	(648,793)
<b>Change in Net Position of Governmental Activities</b>	<b>\$ 25,912,683</b>

The notes to the financial statements are an integral part of this statement.

## GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT NOTES TO THE FINANCIAL STATEMENTS

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of Goose Creek Consolidated Independent School District (the "District") have been prepared in conformity with U.S. generally accepted accounting principles ("GAAP") promulgated by the Governmental Accounting Standards Board ("GASB") and other authoritative sources identified in *Statement on Auditing Standards No. 69*, as amended by *Statement on Auditing Standards No.s 91 and 93* of the American Institute of Certified Public Accountants ("AICPA"); and it complies with the requirements of the appropriate version of Texas Education Agency's ("TEA") Financial Accountability System Resource Guide (FASRG) and the requirements of contracts and grants of agencies from which it receives funds.

#### A. Reporting Entity

The Board of Trustees (the "Board"), a seven-member group, has fiscal responsibility over all activities related to public elementary and secondary education within the jurisdiction of the District. The public elects the Board that corporately has the exclusive power and duty to govern and oversee the management of the public schools of the District. All powers and duties not specifically delegated by statute to the Texas Education Agency ("TEA") or to the Texas State Board of Education are reserved for the Board, and TEA may not substitute its judgment for the lawful exercise of those powers and duties by the Board. The District is not included in any other governmental "reporting entity" as defined by GASB Statement No. 61, *"The Financial Reporting Entity": Omnibus - an amendment by GASB Statements No. 14 and 34*. There are no component units or entities for which the District is considered financially accountable included within the reporting entity.

#### B. Basis of Presentation

##### 1. Government-Wide Financial Statements

The government-wide financial statements, which includes the statement of net position and the statement of activities, report on all of the non-fiduciary activities of the District's primary government. These statements exclude the effects of interfund activities that do not involve services provided or used. In this context, the District's governmental activities are typically funded by tax revenues and intergovernmental revenues. The District does not have business-type activities, which would normally depend significantly on fees and charges for financial support.

The statement of activities provides a comparison between direct expenses and program revenues for each program or function of the District's governmental activities. *Direct expenses* are specifically associated with a program or function and are clearly attributable to that function. *Indirect costs* are allocated proportionally, based on the ratio of function's expense to total expense. *Program revenues* are categorized as 1) Charges for services, goods, or privileges purchased by students, applicants, or users who directly benefit from a specific function and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function. Revenues that are not classified as program revenues, such as taxes, are reported as *general revenues*.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

**2. Fund Financial Statements**

The District presents separate financial statements for governmental, proprietary, and fiduciary funds. Fiduciary funds, though excluded from the government-wide financial statements, are still reported in separate fiduciary fund financial statements. During the fiscal year, the District segregates transactions related to specific functions or activities into separate funds to aid financial management and demonstrate legal compliance.

Fund financial statements are designed to present the District's financial information at a more detailed level, with the focus on major funds. These major individual governmental funds are reported in separate columns to highlight their financial activity. All remaining nonmajor governmental funds are aggregated and presented in a single column for reporting purposes. Additionally, proprietary funds are reported separately, and fiduciary funds are presented in their own financial statements, even though they are not included in the government-wide statements.

**C. Fund Accounting**

The District utilizes funds to manage and organize its financial records during the fiscal year. A fund is an accounting entity with its own set of self-balancing accounts, meaning it independently tracks its financial resources and obligations. There are three categories of funds: governmental, proprietary, and fiduciary.

**1. Governmental Funds**

Governmental funds are those through which most governmental functions of the District are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities and deferred inflows of resources are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources, and liabilities and deferred inflows of resources is reported as fund balance. The District reports the following major governmental funds:

- **General Fund** – is the District's primary operating fund and accounts for resources that finance the fundamental operations of the District. It includes all financial resources not required to be accounted for in another fund. Major revenue sources for the General Fund include local property taxes and state funding, such as the Foundation School Program.

This fund covers all expenditures related to the District's daily operations, except for specific programs funded by federal or state government, as well as food service, debt service, and capital projects. It plays a central role in supporting the District's mission, in partnership with the community, to enable and motivate students to reach their full potential. The General Fund is a budgeted fund, and any fund balances are considered resources available for current operations.

- **Debt Service Fund** – is the used to account for the accumulation of resources to pay the principal and interest on long-term debt issued by the District. These funds ensure that the District can meet its debt obligations as they come due. Major revenue sources for the Debt Service Fund include dedicated property taxes. Transfers from other funds or special assessments that set aside to pay off debt. This is a budgeted fund and a separate bank account is maintained for this fund. Any unused sinking fund balances are transferred to the General Fund after all the related debt obligations have been met.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

- **Capital Projects Fund** – This fund accounts for proceeds from the sale of voter-approved bonds and other resources to be used for Board authorized acquisition, construction, and renovations of major capital facilities as well as providing their furnishings and equipment. Upon completion of a bond project, any unused proceeds are transferred to the debt service fund to retire related bond principal.
- **Nonmajor Governmental Funds** – account for grants and other resources of the District whose uses are restricted to, or designated for, specific purposes by a grantor. Federal and state financial assistance generally is accounted for in a special revenue fund. Generally, unused balances are returned to the grantor at the close of the specified project periods. With respect to the food service and campus activity funds, funds are rolled over from year to year for use in the program.

**2. Proprietary Fund**

Proprietary funds are used to account for operations that are similar to private businesses, where goods or services are provided to external parties for a fee and distinguished between operating and non-operating revenues and expenses. The two main types of proprietary funds are *enterprise funds* and *internal service funds*.

The District uses internal service funds to account for specific services provided to other funds or departments on a cost reimbursement basis. The District uses the following *internal service fund*:

- **Workers' Compensation Fund** – The District's statutory workers' compensation obligations are accounted for in the internal service fund using a cost reimbursement basis. All funds within the District that expend resources for salaries and wages contribute a percentage to the workers' compensation program. The operating revenues of the District's internal service fund includes charges for self-funded worker's compensation services provided to other funds and/or employees of the District. Operating expenses consists of insurance claims, premiums and administrative costs associated with the workers' compensation program.

**3. Fiduciary Funds**

Fiduciary Funds are used to manage resources that the Districts holds in a trust or as an agent for others, such as pension funds, scholarship donations, or various campus organization fundraising resources.

Fiduciary funds are excluded from the government-wide financial statements because the resources of those funds are not available to support the District's own programs. These funds account for assets held by the District in a fiduciary capacity for the benefit of external parties. The District uses the following fiduciary funds:

- **Private Purpose Trust Fund** – This fund accounts for donations to scholarship funds received by the District for awards to current and former students for post-secondary education purposes.
- **Custodial Funds** – These funds accounts for the resources raised by student groups and various other campus organizations received by the District in a custodial capacity that do not constitute District property. However, the District's role is considered to be substantive because in the absence of an approved policy, the faculty advisor has the ability to reject, modify, or approve how the resources are being spent.

## GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT NOTES TO THE FINANCIAL STATEMENTS

The private purpose trust fund and custodial funds meet the requirements for reporting as fiduciary activities. The assets derived from these funds are not from the District's owned revenue sources. In addition, they do not meet the criteria for District-mandated or voluntary nonexchange transactions. Lastly, these assets are for the benefits of individuals, namely students or others, and the District does not have administrative involvement or direct financial involvement for these funds.

### D. Measurement Focus and Basis of Accounting

#### 1. Government-Wide Financial Statements

The government-wide financial statements are prepared using a flow of *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary and fiduciary fund financial statements. All assets and deferred outflows of resources, and liabilities and deferred inflows of resources associated with the operation of the District are included in the statement of net position. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recorded as revenues in the year of levy.

#### 2. Fund Financial Statements

The fund financial statements are prepared using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. These statements reflect only current assets (such as cash and receivables expected to be collected within the year) and current liabilities (those expected to be settled within the fiscal year). Long-term assets and liabilities, such as capital assets and long-term debt, are not reported in these statements.

Revenues are recognized when they are both measurable (the amount can be determined) and available (expected to be collected within the current period or within 60 days after the fiscal year ends). Property tax revenue and state funding follow the susceptible-to-accrual concept, meaning they must be available and measurable to be recognized. Taxes not collected within 60 days are reported as deferred inflows of resources. Miscellaneous revenues, such as fees or minor revenues, are recorded when received because they are generally not measurable until collection. Interest revenue and building rentals are recognized when earned, as they are measurable and available. State and Federal grants revenue is recognized when eligible expenditures are incurred. If funds are received before expenditures are made, they are recorded as unearned revenues. If expenditures are made before receiving grant funds, they are reported as receivables.

Expenditures are recognized when a liability is incurred, similar to accrual accounting. However, debt service payments (principal and interest), compensated absences, claims, and judgments are recorded only when payment is due, not when the liability is incurred.

The government-wide financial statements (using the *accrual basis*) include all assets and liabilities, including long-term ones. In contrast, the fund financial statements (using *modified accrual*) exclude long-term items like capital assets and long-term debt. As a result, reconciliations are provided in the fund financial statements to explain these differences.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

**3. Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting, as are the proprietary and fiduciary fund financial statements. Governmental fund financial statements use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of unearned revenue, and in the presentation of expenses versus expenditures.

- ***Revenues-Exchange and Non-exchange Transactions***

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within sixty days of fiscal year end.

Grant revenues and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis.

On the modified accrual basis, revenue from non-exchange transactions must be available before it can be recognized. Tax revenues are considered available when collected.

- ***Unearned Revenues***

Unearned revenues arise when assets are recognized before revenue recognition criteria has been satisfied.

Property taxes for which there is an enforceable legal claim as of January 1, but which were levied to current fiscal year operations, are recorded as deferred inflows of resources in the fund financial statements. Grants and entitlements received before the eligibility requirements are met are recorded as unearned revenue in both the government-wide and fund financial statements.

In governmental fund financial statements, receivables that will not be collected within the available period are reported as deferred inflows of resources.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

- **Expenses/Expenditures**

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on the decrease in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of costs, such as depreciation and amortization, are not recognized in governmental funds.

**E. Assets, Liabilities, and Net Position or Fund Equity**

**1. Cash and Cash Equivalents**

For purposes of the statement of cash flows, the District considers cash on hand, demand deposits, investment pools, and short-term investments with maturities of three months or less from the date of acquisition to be cash and cash equivalents.

**2. Deposits and Investments**

Under Texas state law, a bank serving as the school depository must have a bond, or in lieu thereof, deposited or pledged securities with the District or an independent third-party agent, in an amount equal to the highest daily balance of all deposits the District may have during the term of the depository contract, less any applicable FDIC insurance.

Investments consist of balances in privately managed public funds investment pools, and certificates of deposit. Investments in local government investment pools are valued and recorded at amortized costs as permitted by GASB Statement No. 79, *Certain Investment Pools and Pool Participants*. Investments with maturities of 12 months or less at the date of purchase are held at amortized cost and net asset value (NAV). Investments with maturities exceeding 12 months at the date of purchase are stated at fair value based on quoted market prices at year-end date.

The District categorizes fair value measurements of its investments based on the hierarchy established by GAAP. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology are quoted prices included in Level 1, that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

**3. Property Taxes**

The District levies property taxes on October 1, as per the Texas Property Tax Code. Taxes are due upon receipt of the bill and become delinquent after February 1 of the following year, subject to interest and penalties. A tax lien is attached to properties on January 1 to secure payment.

Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of levy. A significant portion of delinquent taxes outstanding at any fiscal year end is generally not collected in the ensuing fiscal year. Allowances for uncollectible taxes within the general and debt service funds are based on historical experience in collecting taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

**4. Inter-fund Receivables, Payables, and Transfers**

Interfund receivables and payables arise from interfund transactions and are recorded in all affected funds in the period in which transactions are executed in the normal course of operations. Interfund receivables and payables are eliminated in the government-wide financial statements as are transfers between funds.

**5. Inventories**

The District reports inventories of supplies using the first-in, first-out method of accounting. Inventories for food, school, maintenance, and custodial supplies are carried at cost and charged to a respective fund expenditure account when consumed. Inventories of food commodities are recorded at fair values. Although commodities are received at no cost, their fair value is provided by the Texas Department of Agriculture and recorded as inventory and unearned revenue when received. When requisitioned, inventory and unearned revenue are relieved, expenditures are charged, and revenue is recognized in an equal amount.

**6. Prepayments (i.e., Deferred Expenditures/Expenses)**

Certain payments to vendors reflect costs applicable to the next fiscal period and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items are accounted for using the consumption method and are recognized as expenditures/expenses proportionately over the periods in which the services are provided.

**7. Capital Assets**

Capital assets, which include land, buildings and improvements, and furniture and equipment, are reported in the government-wide financial statements. The District defines capital assets as those with an initial individual cost of more than \$5,000 and an estimated useful life of more than five years. Such assets are recorded at historical cost, or if unavailable, at estimated historical cost. Donated assets are recorded at their acquisition value or estimated fair value on the date of donation.

Furniture and equipment costing in excess of \$5,000 are capitalized. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend its life are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed, but interest incurred during construction is not capitalized. When assets are retired or disposed of, their related costs or other recorded amounts are removed from the records.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

Capital assets of the District are depreciated using the straight-line method over their estimated useful lives, which are as follows:

Capital Asset:	Years
Buildings	40-60
Land improvements & network infrastruc	20
Furniture, fixtures & equipment	5-10
Buses & vehicles	7-15

**8. Deferred Outflows/Inflows of Resources**

Deferred outflows and inflows of resources are reported in the statement of net position and balance sheet as described below:

A **deferred outflow of resources** is a consumption of a government's net assets (a decrease in assets in excess of any related decrease in liabilities or an increase in liabilities in excess of any related increase in assets) by the government that is applicable to a future reporting period. The District has three items that qualify for reporting in this category:

- Deferred outflow of resources for refunding – Reported in the government-wide statement of net position, this deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.
- Deferred outflow of resources for pension – Reported in the government-wide financial statement of net position, this deferred outflow results from pension plan contributions made after the measurement date of the net pension liability and the results of differences between expected and actual actuarial experiences. The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the next fiscal year. The other pension related deferred outflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with pensions through the pension plan.
- Deferred outflow of resources for OPEB – Reported in the government-wide financial statement of net position, this deferred outflow results from OPEB plan contributions made after the measurement date of the net OPEB liability and the results of differences between expected and actual investment earnings and changes in proportionate share. The deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the next fiscal year. The other OPEB related deferred outflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with OPEB through the OPEB plan.

## GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT NOTES TO THE FINANCIAL STATEMENTS

A **deferred inflow of resources** is an acquisition of a government's net assets (an increase in assets in excess of any related increase in liabilities or a decrease in liabilities in excess of any related decrease in assets) by the government that is applicable to a future reporting period. The District has three items that qualify for reporting in this category:

- Deferred inflow of resources for unavailable revenues – Reported only in the governmental funds balance sheet, unavailable revenues from property taxes arise under the modified accrual basis of accounting. The amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.
- Deferred inflow of resources for pension – Reported in the government-wide financial statement of net position, these deferred inflows result primarily from differences between projected and actual earnings on pension plan investments. These amounts will be amortized over a closed five-year period.
- Deferred inflow of resources for OPEB – Reported in the government-wide financial statement of net position, these deferred inflows result primarily from differences between expected and actual experience and from changes in assumptions. These amounts will be amortized over the average expected remaining service life of all members.

### 9. Long-Term Obligations

In the government-wide financial statements, long-term indebtedness is reported as a liability. Bond premiums and discounts, as well as defeasance costs, are deferred and amortized over the life of the bonds using the straight-line method in the government-wide financial statements. Bonds payable are reported net of the applicable bond premium, discount, and other costs.

In the fund financial statements, bond premiums (net of discounts) are recognized in the current period and recorded as other financing sources. Issuance costs are recognized in the current period as debt service expenditures. The face amount of the debt issued is reported as other financing sources; whereas bonds refunded during the period are recorded as other financing uses.

### 10. Compensated Absences

The District implemented GASB Statement No. 101, *Compensated Absences*, during the current fiscal year. The impact of implementation was not material; therefore, no prior period adjustment was recorded.

The District recognizes a liability for compensated absences for leave that (1) is attributable to services already rendered, (2) accumulates, and (3) is more likely than not to be used as paid time off or otherwise settled. Leave types that qualify include state personal leave, local leave, and compensatory time. The liability for compensated absences is reported as incurred in the government-wide financial statements. A liability for compensated absences is recorded in the governmental funds only to the extent it is due and payable at year-end. The liability includes salary-related benefits and employer-related costs, where applicable. Unused leave is generally used by employees as paid time off and is not typically settled through cash payment upon separation from employment.

## GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT NOTES TO THE FINANCIAL STATEMENTS

Eligible employees earn five days per year of state personal leave under Texas Education Code 22.003, which accumulates without limit and is transferable among Texas school districts. The District also provides local leave (five, five and one-half, or six days per year) which accumulates without limit. Employees may also earn compensatory time in lieu of overtime pay, subject to accumulation limits. Certain employees retain state sick leave accumulated prior to May 30, 1995, for allowable purposes under state law. Other leave benefits are generally non-accumulating and do not result in a compensated absences liability.

### 11. Pensions

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities, and additions to/deductions from TRS fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

### 12. Other Post-Employment Benefits

The fiduciary net position of the TRS Care Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the Net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and additions to/deductions from TRS Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

### 13. Fund Balance

Generally, governmental fund balances represent the difference between the current assets and deferred outflows of resources, and current liabilities and deferred inflows of resources. The government fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective government funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- ***Nonspendable*** – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. (Inventories and Prepaid Items are considered *Nonspendable* as these items are not expected to be converted to cash or are not expected to be converted to cash within the next year.)
- ***Restricted*** – includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

- **Committed** – includes amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority (i.e., the Board of Trustees). To be reported as committed, amounts cannot be used for any other purposes unless the District takes the same highest level of action to remove or change the constraint.

The District establishes (and modifies or rescinds) fund balance commitments by passage of a resolution or ordinance. A fund balance commitment is further indicated in the budget document as a commitment of the fund. The District has committed 100 percent of Fund 461 Campus Activity Funds' fund balance.

- **Assigned** – includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board or through the Board delegating this responsibility to the Superintendent or Chief Financial Officer through the budgetary process. This classification also includes the remaining positive fund balance for all governmental funds except for the *general fund*.
- **Unassigned** – includes the residual fund balance for amounts that have not been assigned to other funds or restricted, committed, or assigned to a specific purpose within the *general fund*. The *Unassigned* classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of *Assigned* fund balance amounts.

The Board has adopted a minimum fund balance policy for the *general fund* and *debt service fund* to have sufficient working capital and a margin of safety to address local and regional emergencies without borrowing. This policy requires the District to maintain three months unassigned fund balance in the *general fund* and ten percent of the projected annual debt service payments in restricted fund balance in the *debt service fund*.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board has provided otherwise in its commitment or assignment actions.

#### **14. Net Position**

Net Position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources. The classifications used in the government-wide financial statements are as follows:

- **Net investment in capital assets** – This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt that is attributed to the acquisition, construction, or improvement of the assets.
- **Restricted net position** – This amount is restricted by creditors, grantors, contributors, or laws or regulations of other governments.
- **Unrestricted net position** – This amount is the net position that does not meet the definition of "net investment in capital assets" or "restricted net position".

The District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

**15. Budgetary Data**

The Board adopts an “appropriated budget” for the General Fund, Debt Services Fund, and the Child Nutrition Program (which is included in the Nonmajor Governmental Funds). The District compares the final amended budget to actual revenues and expenditures. The Budgetary Comparison Schedules appear in Exhibits G-1, J-2, and J-3.

The following procedures are followed in establishing the budgetary data reflected in the financial statements:

- a) Prior to June 30, the District prepares an operating budget for the next succeeding fiscal year beginning July 1. The budget includes proposed expenditures and the means of financing them.
- b) A meeting of the Board is then called for the purpose of adopting the proposed budget. At least ten day’s public notice of the meeting must be given.
- c) Prior to July 1, the budget is legally enacted through passage of a resolution by the Board. Once a budget is approved, it can only be amended at the function and fund level by approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings. Each amendment must have Board approval. As required by law, such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after the fiscal year end.
- d) Each budget is controlled by the budget coordinator at the revenue and expenditure function/object level. Budgeted amounts are as amended by the Board. All budget appropriations lapse at year end.
- e) Encumbrances for goods or purchased services are documented by purchase orders or contracts. Under Texas law, appropriations lapse at June 30, and encumbrances outstanding at that time are to be either canceled or appropriately provided for in the subsequent year’s budget.

**16. Use of Estimates**

The preparation of financial statements in conformity with GAAP requires the use of management’s estimates. Accordingly, actual results could differ from those estimates.

The amount of state foundation and available school revenue a school district earns for a year, can and does vary until the time when final values for each of the factors in the formula become available. Availability can be as late as midway into the next fiscal year. It is probable that the foundation revenue estimate as of June 30 will change and those changes could be material. For the year ended June 30, 2025, the District received approximately 34% of revenues from the State of Texas.

**17. Data Control Codes**

The data control codes refer to the account code structure prescribed by TEA in the FASRG. The TEA requires school districts to display these codes in the financial statements filed with the Agency in order to ensure accuracy in building a statewide database for policy development and funding plans.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

**18. Implementation of New Accounting Standards**

GASB issued Statement No. 101, "*Compensated Absences*", which is effective for fiscal year ending June 30, 2025. The Statement requires governments to recognize a liability for compensated absences for leave that has not been used and leave that has been used but not paid. The liability is measured at the amount of the cash payment or noncash settlement to be made for the use of leave. The Statement did not have a material impact on the financial statements.

GASB issued Statement No. 102, "*Certain Risk Disclosures*", requires governments to disclose information about risks related to a government's vulnerabilities due to certain concentrations or constraints. The requirements of this Statement are effective for fiscal year ending June 30, 2025, and the District implemented the Statement. The Statement did not have a material impact on the financial statements.

**II. DETAILED NOTES ON ALL FUNDS**

**A. Deposits and Investments**

A summary of the District's cash and investments by fund at June 30, 2025 is shown below:

	<b>Cash and Deposits</b>	<b>Investment Pools</b>	<b>Total Cash &amp; Cash Equivalents</b>	<b>Investments</b>	<b>Total Cash &amp; Investments</b>
<b>Governmental Funds:</b>					
General fund	\$ 1,659,464	\$ 113,702,577	\$ 115,362,041	\$ 5,534,635	\$ 120,896,676
Debt service fund	4,527,599	47,252,040	51,779,639	-	51,779,639
Capital projects fund	-	40,169,972	40,169,972	-	40,169,972
Non-major governmental funds	5,520	-	5,520	-	5,520
<b>Total governmental funds</b>	<b>6,192,583</b>	<b>201,124,589</b>	<b>207,317,172</b>	<b>5,534,635</b>	<b>212,851,807</b>
<b>Proprietary funds</b>	<b>-</b>	<b>-</b>	<b>-</b>	<b>-</b>	<b>-</b>
<b>Fiduciary funds</b>	<b>540,882</b>	<b>699,506</b>	<b>1,240,388</b>	<b>-</b>	<b>1,240,388</b>
<b>Total</b>	<b>\$ 6,733,465</b>	<b>\$ 201,824,095</b>	<b>\$ 208,557,560</b>	<b>\$ 5,534,635</b>	<b>\$ 214,092,195</b>

At June 30, 2025, the net carrying amount of the District's cash and deposits was \$6,733,465 and the bank balance was \$13,723,413. At June 30, 2025, the District's combined deposits were fully insured by FDIC insurance or collateralized with securities held by the Bank's agent in the District's name.

The Public Funds Investment Act ("the Act") and Board policy governs the District's investment policies. The Act contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the District to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date of the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposits. Statutes authorize the District to invest in: (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas, (2) certificates of deposit, (3) certain municipal securities, (4) securities lending programs, (5) repurchase agreements, (6) bankers acceptances, (7) mutual funds, (8) investment pools and (9) guaranteed investment contracts.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

The District's cash equivalents and investments at June 30, 2025, are as shown below:

Investment Type:	Rating	Value at June 30, 2025	Fair Value Measurements Using:			Percent of Portfolio	WAM (Days/Years)
			(Level 1)	(Level 2)	(Level 3)		
Cash in Bank		\$ 6,733,465				3%	
<i>Cash equivalents measured at amortized costs:</i>							
TexPool	AAAm	81,925,638				38%	< 365 days
LoneStar	AAA/AAAm	6,452,891				3%	< 365 days
LOGIC	AAA	13,235,609				6%	< 365 days

<b>Cash and cash equivalents - subtotal</b>		<b>208,557,560</b>					
<i>Investments measured at cost not subject to level reporting:</i>							
Certificates of deposits	Unrated	5,534,635				3%	< 2yrs
<b>Investments - subtotal</b>		<b>5,534,635</b>	-	-	-		
<b>Total cash &amp; investments</b>		<b>\$ 214,092,195</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>100%</b>	

Texas Local Government Investment Pool ("TexPool"), Lone Star Investment Pool ("LoneStar"), Local Government Investment Cooperative ("LOGIC"), Texas Range, formerly known as TexasTERM, Local Government Investment Pool ("Texas Range"), Texas Cooperative Liquid Assets Securities System ("TexasCLASS"), and Texas Fixed Income Trust ("TX-FIT") are local government investment "pools" organized under the authority of the Interlocal Cooperation Act, Chapter 791, Texas Government Code, and the Public Funds Investment Act, Chapter 2256, Texas Government Code. In addition to other provisions of the Act designed to promote liquidity and safety of principal, the Act requires pools to: 1) have an advisory board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool; 2) maintain a continuous rating of no lower than AAA or AAA-m or an equivalent rating by at least one nationally recognized rating service; and 3) maintain the market value of its underlying investment portfolio within one half of one percent of the value of its shares.

The District's investments in TexPool, LoneStar, LOGIC, Texas Range, TexasCLASS, and TX-FIT are reported at amortized cost. Deposits and withdrawals can be made on any business day of the week. The pools have a redemption notice of one day, which may be redeemed daily. The pools may only impose restrictions on redemptions in the event of a general suspension of trading on major securities markets, general banking moratorium, or a national state of emergency that affects the pools liquidity. There are no limits on the number of accounts a participant can have or the number of transactions. The District has no unfunded commitments related to the pools.

The District's management believes that it has complied with the requirements of the Act and with local policies.

GASB Statement No. 40 requires a determination as to whether the District was exposed to the following investment risks at year end and if so, the reporting of certain related disclosures:

**1) Credit Risk**

State law and the District's Investment Policy restrict time and demand deposits to those fully collateralized or FDIC insured from eligible depositories (banks and savings banks) doing business in Texas. By State law, Certificate of Deposits ("CD") are further collateralized to 100% and 110% if collateral pledged is a mortgage-backed security. Brokered CD's must be FDIC insured and delivered versus payments to the District's depository.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

The FDIC status of the bank must be monitored weekly and includes procedures to follow in the case of an affected merger or acquisition. The District's Investment Policy requires 102% with pledged securities (with 110% margin on mortgage-backed securities) and all collateral is to be held by an independent custodian. State law and the District's Investment Policy requires inclusion of a procedure to monitor and act as necessary to changes in credit rating on any investment which requires a rating.

State law and the District's Investment Policy limit repurchase agreements to Texas banks and primary dealers. The law requires an industry standard, written master repurchase agreement; independent safekeeping of collateral; and a 102% margin on collateral. Fully collateralized flex repurchase agreements are restricted to the use in bond funds and are required to match the expenditure schedule of the bonds.

Municipal obligations of the State of Texas or any other state or political subdivision must be rated A or better by at least two nationally recognized securities ratings organizations (NRSRO).

Commercial paper is restricted by state law and the District's Investment Policy to dual rated A1/P1 paper.

State of Texas local government investment pools, as defined by State law (2256.016) and approved by the District's Investment Policy, are authorized. By State law all local government pools must be rated AAA or equivalent by at least one NRSRO.

The District's Investment Policy allows investment in AAA rated money market mutual fund accounts.

The District controls and monitors this risk by purchasing quality rated instruments that have been evaluated by two nationally recognized agencies.

At year end, the District was not exposed to credit risk.

**2) Custodial Credit Risk**

To control custody risk, State law and the District's Investment Policy require collateral for all time and demand deposits and repurchase agreements with securities transferred only on a delivery versus payment basis and held by an independent party approved by the District and held in the District's name. The custodian is required to provide original safekeeping receipts and monthly reporting of positions and position descriptions including market value. Repurchase agreements and deposits must be collateralized to 102% (with 110% on mortgage-backed securities) and transactions are required to be executed under a written agreement. At year end, the District was not exposed to custodial credit risk.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

**3) Concentration of Credit Risk**

The District's investment policy requires the investment portfolio to be diversified in terms of investment instruments, maturity scheduling, and financial institutions in order to reduce the risk of loss resulting from overconcentration of assets in a specific class of investments, specific maturity, or specific issuer.

The District's Investment Policy requires the following diversification:

<b>Type of Investment</b>	<b>Maximum Allowed % of Portfolio</b>
Money market accounts	100%
Certificates of deposit	40%
Brokered FDIC CD's	15%
U.S. government securities	100%
State and local obligations	40%
Repurchase agreements	100%
Interest bearing accounts	100%
Investment pools	100%
Money market mutual funds	15%
Commercial paper	40%

At year end, the District was not exposed to concentration of credit risk.

**4) Interest Rate Risk**

The risk that changes in interest rates may adversely affect the value of investments. The District monitors interest rate risk utilizing weighted average maturity and specific identification. In order to limit interest and market rate risk from changes in interest rates, the District's Investment Policy sets a maximum maturity as follows:

- CD's are limited to a stated maturity of one year.
- Repurchase agreements are limited to a maximum maturity of three months.
- Municipal obligations of the State of Texas or any other state or political subdivision must have a stated maturity less than two years.
- Obligations of the U.S. government, its agencies, and instrumentalities excluding mortgage-backed securities, or guaranteed by governmental entities not to exceed two years to stated maturity in the operating and debt service funds and not to exceed three years in bond funds (2256.009).
- Commercial paper is limited to mature in 270 days or less.

At year end, the District was not exposed to interest rate risk.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

**B. Receivables and Unearned Revenue**

Receivables as of June 30, 2025, for the District's individual major funds and nonmajor funds, in the aggregate, including the applicable allowances for uncollectible accounts are as follows:

	General Fund	Debt Service Fund	Nonmajor Governmental Funds	Total
<b>Property taxes delinquent:</b>				
Property taxes	\$ 7,144,086	\$ 2,543,354	\$ -	\$ 9,687,440
Property taxes - penalty & interest	4,330,765	1,203,469	-	5,534,234
<b>Subtotal - property taxes receivables</b>	<b>11,474,851</b>	<b>3,746,823</b>	<b>-</b>	<b>\$ 15,221,674</b>
Less: allowance for uncollectibles	(3,276,326)	(1,069,802)	-	(4,346,128)
<b>Net property taxes receivables</b>	<b>\$ 8,198,525</b>	<b>\$ 2,677,021</b>	<b>\$ -</b>	<b>\$ 10,875,546</b>
<b>Due from other governments:</b>				
Due from state	\$ 31,690,203	\$ -	\$ 6,449,315	\$ 38,139,518
Due from federal	-	-	5,911,921	5,911,921
Due from other	-	-	11,932	11,932
<b>Net due from other governments</b>	<b>\$ 31,690,203</b>	<b>\$ -</b>	<b>\$ 12,373,168</b>	<b>\$ 44,063,371</b>
<b>Other receivables:</b>				
Other receivables	\$ 107,083	\$ -	\$ 40,553	\$ 147,636
<b>Net other receivables</b>	<b>\$ 107,083</b>	<b>\$ -</b>	<b>\$ 40,553</b>	<b>\$ 147,636</b>

The District participates in a variety of federal and state programs from which it receives grants to partially or fully finance certain activities. In addition, the District receives entitlements from the State through the School Foundation and Per Capita Programs. Amounts due from federal and state governments as of June 30, 2025, are summarized above. All federal grants shown above are passed through the TEA and are reported in the financial statements as Due from Other Governments.

Governmental funds report unearned revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period or in connection with resources that have been received, but not yet earned.

Unearned revenue at June 30, 2025, for the District's governmental funds is as follows:

	Unavailable	Unearned
Delinquent property taxes receivable - General fund	\$ 8,198,524	\$ -
Delinquent property taxes receivable - Debt service fund	2,677,023	-
State formula funds - General fund	-	50
State allotments - Debt service fund	-	31,570
Advance funding - Capital project funds	-	1,000
Advance funding - Nonmajor governmental funds	-	1,096,927
<b>Total deferred revenue</b>	<b>\$ 10,875,547</b>	<b>\$ 1,129,547</b>

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

**Property Taxes**

Property taxes are considered available when collected within the current period. The District levies taxes on October 1 in conformity with Subtitle E, Texas Property Tax Code. Taxes are due upon receipt of the tax bill and become past due, subject to interest and penalty, if not paid by February 1 of the year following the October 1 levy date. On January 1 of each year, a tax lien attaches to property securing payment of all taxes, penalties, and interest ultimately imposed. The tax rates assessed for the year ended June 30, 2025, to finance general fund operations and voter approved debt service principal and interest payments were \$0.7475 and \$.3250, respectively, per \$100 of assessed valuation for a total tax rate of \$1.07250.

The net assessed/appraised value for school tax purposes was \$18,527,563,170, upon which the current year's total levy value was \$198,708,115.

Current tax collections for the year ended June 30, 2025, were 98% of the year-end adjusted levy. Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of levy. A significant portion of delinquent taxes outstanding at any fiscal year end is generally not collected in the ensuing fiscal year. Allowances for uncollectible taxes within the general and debt service funds are based on historical experience in collecting taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature. The property taxes receivable allowance is approximately 29% of outstanding property taxes receivable at June 30, 2025.

Property taxes (and payments in lieu of property taxes) collected from three major petrochemical complexes within the District for the year ended June 30, 2025, accounted for approximately 36% of the District's total combined revenues.

**C. Interfund Receivables, Payables and Transfers**

Interfund balances consist of short-term lending/borrowing arrangements between two or more governmental funds. Interfund balances in the fund financial statements at June 30, 2025 consisted of the following:

<b>Fund</b>	<b>Receivable</b>	<b>Payable</b>
General fund:		
Debt service fund	\$ -	\$ 166,060
Capital projects fund	-	2,213,300
Nonmajor governmental funds	17,913,062	8,590,957
Custodial fund	5,456,245	-
<b>Total general fund</b>	<b>\$ 23,369,307</b>	<b>\$ 10,970,317</b>
ESSER II fund:		
General fund	\$ -	\$ 5,456,245
Debt service fund:		
General fund	\$ 166,060	\$ -
Capital projects fund		
General fund	\$ 2,213,300	\$ -
Nonmajor governmental funds:		
General fund	\$ 8,590,957	\$ 17,913,062
<b>Total</b>	<b>\$ 34,339,624</b>	<b>\$ 34,339,624</b>

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

District expenditures are paid from a centralized-pooled operating bank account maintained in the general fund. Since all cash transactions flow through this account, each District fund carries a receivable/payable balance with the general fund, which will be repaid within one year.

Interfund transfers in the fund financial statements at June 30, 2025, consisted of the following:

<b>Transfers from</b>	<b>Transfers to</b>	<b>Amount</b>
General fund	Capital projects fund	\$ 2,729,101
Capital projects fund	General fund	11,764,337

The District transferred a net total of (\$9,035,236) between the general fund and the capital projects fund to account for various District related construction projects.

**D. Capital Assets**

Capital asset activity for the year ended June 30, 2025, was as follows:

	<b>Beginning Balances</b>	<b>Additions</b>	<b>Deletions</b>	<b>Transfers</b>	<b>Ending Balances</b>
<b>Capital assets not being depreciated:</b>					
Land purchase and improvements	\$ 33,745,465	\$ 3,853,950	\$ -	\$ -	\$ 37,599,415
Construction in progress	29,955,967	1,135	-	(29,955,967)	1,135
<b>Total capital assets not being depreciated</b>	<b>63,701,432</b>	<b>3,855,085</b>	<b>-</b>	<b>(29,955,967)</b>	<b>37,600,550</b>
<b>Capital assets being depreciated:</b>					
Buildings and improvements	921,015,346	14,431,280	-	29,955,967	965,402,593
Furniture and equipment	169,403,106	5,504,164	(2,342,196)	-	172,565,074
<b>Total capital assets being depreciated</b>	<b>1,090,418,452</b>	<b>19,935,444</b>	<b>(2,342,196)</b>	<b>29,955,967</b>	<b>1,137,967,667</b>
<b>Less accumulated depreciation for:</b>					
Buildings and Improvements	(314,216,963)	(24,595,603)	-	-	(338,812,566)
Furniture and Equipment	(75,433,819)	(13,966,591)	2,229,452	-	(87,170,958)
<b>Total accumulated depreciation</b>	<b>(389,650,782)</b>	<b>(38,562,194)</b>	<b>2,229,452</b>	<b>-</b>	<b>(425,983,524)</b>
<b>Capital assets, net</b>	<b>\$ 764,469,102</b>	<b>\$ (14,771,665)</b>	<b>\$ (112,744)</b>	<b>\$ -</b>	<b>\$ 749,584,693</b>

Depreciation expense was charged to the following functions as follows:

<b>Expenditures:</b>	
Instruction	\$ 21,289,755
Instructional resources and media services	254,853
Curriculum and instructional staff development	857,600
Instructional leadership	663,064
School leadership	2,128,181
Guidance, counseling and evaluation services	1,269,050
Social work services	317,252
Health services	363,180
Student (pupil) transportation	1,874,154
Food services	2,057,969
Extracurricular activities	797,069
General administration	1,058,752
Facilities maintenance and operations	4,406,317
Security and monitoring services	512,896
Data processing services	593,658
Community services	118,444
<b>Total depreciation expense</b>	<b>\$ 38,562,194</b>

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

**E. Long-Term Liabilities**

**General Obligation Bonds**

The District issues general obligation bonds for governmental activities to provide resources for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the District. Principal and interest requirements are payable solely from future revenues of the debt service fund which consists primarily of property taxes collected by the District and interest earnings. Certain outstanding bonds may be redeemed at their par value prior to their normal maturity dates in accordance with the terms of the related bond indentures. The District has never defaulted on any principal or interest payment.

Bonded debt as of June 30, 2025, is as follows:

Description	Interest Rate Payable	Maturity Date	Original Issue	Outstanding
Variable Rate Unlimited Tax School Building Bonds, Series 2014B	Variable	02/15/35	\$ 30,600,000	\$ 30,600,000
Variable Rate Unlimited Tax School Building Bonds, Series 2014B	5.00%	02/15/40	32,020,000	27,590,000

*Variable Rate Terms* – The Series 2014B variable rate bonds will bear interest at the initial rate of 2% and 3% on the term bonds during the initial rate period. The interest payment dates during the initial rate period will be on February 15 and August 15. Upon the conversion date following the initial rate period, the bonds will bear interest at a term rate as determined by the remarking agent, which mode may thereafter be changed from time to time by the District, prior to conversion to a fixed rate. During each rate period after the initial rate period, the rate of interest on the bonds will be the rate that the remarketing agent determines, under prevailing market conditions on the date of such determination, would result in the market value of the bonds being 100% of the principal amount thereof; provided that at no time may the rate of the bonds exceed 8% per annum.

*Variable Rate Terms* – The Series 2019B variable rate bonds will bear interest at the initial rate of 3% on the term bonds during the initial rate period. The interest payment dates during the initial rate period will be on April 1 and October 1. Upon the conversion date following the initial rate period, the bonds will bear interest at a term rate as determined by the remarking agent, which mode may thereafter be changed from time to time by the District, prior to conversion to a fixed rate. During each rate period after the initial rate period, the rate of interest on the bonds will be the rate that the remarketing agent determines, under prevailing market conditions on the date of such determination, would result in the market value of the bonds being 100% of the principal amount thereof; provided that at no time may the rate of the bonds exceed 7% per annum.

The District entered into a Maintenance Tax Notes, Series 2019 sponsored by JP Morgan Chase totaling \$31,730,000 to improve energy performance. The loan is payable in annual installments of principal and interest and bears interest at 2.94%. The balance outstanding at June 30, 2025 is \$22,163,000.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

Long-term liability activity for the year ended June 30, 2025, was as follows:

<b>Governmental Activities:</b>	<b>Beginning Balance</b>	<b>Additions</b>	<b>Reductions</b>	<b>Ending Balance</b>	<b>Due within One Year</b>

During each year while bonds are outstanding, the District is required to levy and collect sufficient ad valorem taxes to provide for the payment of general obligation bonds principal and interest through the debt service fund as the payments become due. Principal and interest expenditures for note and loan payables are accounted for in the general fund. Other long-term liabilities, such as compensated absences, net pension and net OPEB liabilities, are generally liquidated with resources from the general fund.

Debt service requirements at June 30, 2025, were as follows:

<b>Fiscal Year Ending June 30,</b>	<b>General Obligation</b>		<b>Notes and Loans</b>		<b>Total</b>	
	<b>Principal</b>	<b>Interest</b>	<b>Principal</b>	<b>Interest</b>	<b>Principal</b>	<b>Interest</b>

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

**Accreted Interest on Capital Bonds**

With capital appreciation bonds, the interest is paid upon maturity of the bonds. In order to properly reflect the amounts payable on these bonds, the annual interest is added to the long-term liabilities as accretion of interest on capital appreciation bonds.

The interest on these obligations will be paid upon maturity in the fiscal years ending 2026-2027. The values associated with these bonds are reflected in the following table:

	<b>Maturity Value of Bonds</b>	<b>Stated Bond Principal Amount</b>	<b>Accreted Interest on Bonds</b>	<b>Accreted Value of Bond at Year-End</b>
Unlimited tax schoolhouse bonds, series 2020 (matures 2/15/26)	\$ 5,795,000	\$ 692,560	\$ 5,024,498	\$ 5,717,058
Unlimited tax schoolhouse bonds, series 2020 (matures 2/15/27)	5,960,000	475,012	5,314,294	5,789,306
<b>Total</b>	<b>\$ 11,755,000</b>	<b>\$ 1,167,572</b>	<b>\$ 10,338,792</b>	<b>\$ 11,506,364</b>

**Defeased Debt**

The District has defeased certain general obligation and other bonds in prior years by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's financial statements. At June 30, 2025, bonds outstanding of \$88,785,000 were considered defeased.

**Arbitrage**

In accordance with the provisions of Section 148(f) of the Internal Revenue Code of 1986, as amended, bonds must satisfy certain arbitrage rebate requirements. Positive arbitrage is the excess of (1) the amount earned on investments purchased with bond proceeds over (2) the amount that such investments would have earned had such investments been invested at a rate equal to the yield on the bond issue. In order to comply with the arbitrage rebate requirements, positive arbitrage must be paid to the U.S. Treasury at the end of each five year anniversary date of the bond issue.

As of June 30, 2025, the District has an arbitrage rebate liability of approximately \$258,070 related to bond series 2019A and 2019B due to 'Failure to pay on time,' classified as an 'innocent failure' rather than 'willful neglect.' This amount is not considered material to the financial statements and is subject to change as future investment earnings and related calculations are finalized. The District will continue to monitor compliance with applicable arbitrage rebate requirements and will record any final liability once determined and payable.

**F. Leases**

GASB Statement No. 87, *Leases* (GASB 87), establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under GASB 87, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about the government's leasing activities.

GASB 87 had no significant impact to the District's financial statements, therefore are not present within the disclosures.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

**G. Subscription-Based Information Technology Arrangements**

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements (SBITA)*, provides guidance on the accounting and financial reporting for SBITAs for government end users (governments). Under GASB 96, a SBITA is defined as a contract that conveys controls of the right to use another party's (a SBITA vendor's) information technology (IT) software, alone or in combination with tangible capital assets (the underlying IT assets), as specified in the contract for a period of time in an exchange or exchange-like transaction.

The subscription term includes the period during which a government has a noncancellable right to use the underlying IT assets. The subscription term also includes periods covered by an option to extend (if it is reasonably certain that the government or SBITA vendor will exercise that option) or to terminate (if it is reasonably certain that the government or SBITA vendor will not exercise that option). The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter, with earlier application encouraged.

The District has entered into subscription-based IT contracts, however, management determined that the impact of these arrangements is not material to the government-wide financial statements. Accordingly, no related assets or liabilities were recognized.

**H. Defined Benefit Pension Plan**

*Plan Description.* The District participates in a multiple-employer cost-sharing defined benefit pension plan that has a special funding situation. The pension plan is administered by the TRS. It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67, and Texas Government Code, Title 8, Subtitle C. The pension trust fund plan is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension plan's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard workload and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

*Pension Plan Fiduciary Net Position.* Detail information about the Teacher Retirement System's fiduciary net position is available in a separately issued Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information. That report may be obtained on the internet at <https://www.trs.texas.gov/learning-resources/publications>; by writing to TRS at attention Finance Division, PO BOX 149676, Austin, TX, 78714-0185, or by calling 1-800-223-8778.

Components of the net pension liability of the pension plan as of August 31, 2024, are as follows:

Total pension liability	\$ 271,627,434,294
Less: plan fiduciary net position	(210,543,258,495)
<b>Net pension liability</b>	<b>\$ 61,084,175,799</b>
Net position as percentage of total pension liability	77.51%

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

*Benefits Provided.* TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3% (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered under a previous rule.

There are no automatic post-employment benefit changes; including automatic cost-of-living adjustments COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above. Accordingly, the 2023 Texas Legislature passed Senate Bill (SB) 10 and House Joint Resolution (HJR) 2 to provide eligible retirees with a one-time stipend and an ad hoc COLAs.

**One-Time Stipends** – Stipends, regardless of annuity amount, were paid in September 2023 to annuitants who met the qualifying age requirement on or before August 31, 2023:

- A one-time \$7,500 stipend to eligible annuitants who are 75 years of age and older.
- A one-time \$2,400 stipend to eligible annuitants age 70 to 74.

**COLA** – A COLA was dependent on Texas voters approving a constitutional amendment (Proposition 9) to authorize the COLA. Voters approved the amendment in the November 2023 election and the following COLA was applied to eligible annuitants' payments beginning with their January 2024 payment:

- 2% COLA for eligible retirees who retired between September 1, 2013, through August 31, 2020.
- 4% COLA for eligible retirees who retired between September 1, 2001, through August 31, 2013.
- 6% COLA for eligible retirees who retired on or before August 31, 2001.

Texas Government Code section 821.006 prohibits benefit improvements, if, as a result of the particular action, the time required to amortize TRS unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in the manner are determined by the Plan's actuary.

*Contributions.* Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the pension plan during the fiscal year.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86<sup>th</sup> Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2019 thru 2025.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

	<b>Contribution Rates</b>	
	<b>2024</b>	<b>2025</b>
Member	8.25%	8.25%
Non-employer contributing entity (NECE) (State)	8.25%	8.25%
Employers	8.25%	8.25%
2025 Employer contributions		\$ 8,854,616
2025 Member contributions		\$ 16,614,035
2025 NECE on-behalf contributions		\$ 10,631,411

Contributors to the pension plan include active members, employers and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges and universities, medical schools, and other entities, including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

The State's on-behalf contribution is recorded as revenues and expenditures/expenses in the financial statements.

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities, or the State of Texas as the employer for senior colleges, universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.

In addition to the employer contributions listed above, there is a surcharge an employer is subject to:

- All public schools, charter schools, and regional educational service centers must contribute 1.9% of the member's salary beginning in fiscal year 2023, gradually increasing to 2% in fiscal year 2025.
- When employing a retiree of the Teacher Retirement System, the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

# **GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT** **NOTES TO THE FINANCIAL STATEMENTS**

*Actuarial Assumptions.* The total pension plan liability in the August 31, 2023, actuarial valuation was determined using the following actuarial assumptions:

Valuation date	August 31, 2023 rolled forward to August 31, 2024
Actuarial cost method	Individual entry age Normal
Asset valuation method	Fair Value
Single discount rate	7.00%
Long-term expected investment rate of return	7.00%
Municipal bond rate as of August 2024*	3.87%
Last year ending August 31 in projection period (100 years)	2123
Inflation	2.30%
Salary increases	2.95% to 8.95% including inflation
Ad hoc post-employment benefit changes	None
* Source: the Bond Buyers 20 Index which represents the estimated yield of a portfolio of 20 general obligation bonds maturing in 20 years based on a survey of municipal bond traders.	

The actuarial methods and assumptions are used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2023. For a full description of these assumptions please see the actuarial valuation report dated November 21, 2023.

*Discount Rate.* The single discount rate of 7.00% was used to measure the total pension liability. The single discount rate was based on the expected rate of return on plan investments of 7.00%. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the legislature during the 2019 session. It is assumed that future employer and state contributions will be to 9.54% of payroll in fiscal year 2025 and thereafter. This includes all employer and state contributions for active and rehired retirees.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term rate of return on pension plan investments is 7.00%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

Best estimates of geometric real rates of return for each major asset class included in the systems target asset allocation as of August 31, 2024, are summarized below:

<b><u>Asset Class</u></b>	<b><u>Target Allocation**</u></b>	<b><u>Long-Term Expected Geometric Real Rate of Return***</u></b>	<b><u>Expected Contribution to Long-Term Portfolio Returns</u></b>
Global equity:			
U.S.	18.0%	4.4%	1.0%
Non-U.S. developed	13.0%	4.2%	0.8%
Emerging markets	9.0%	5.2%	0.7%

Real estate	15.0%	6.6%	1.2%
Energy, natural resources and infrastructure	6.0%	5.6%	0.4%
Commodities	0.0%	2.5%	0.0%
Risk parity	8.0%	4.0%	0.4%
Asset allocation leverage			
Cash	2.0%	1.0%	0.0%
Asset allocation leverage	-6.0%	1.3%	-0.1%
Inflation expectation			2.4%
Volatility drag****			-0.7%
<b>Expected Return</b>	<b><u>100%</u></b>		<b><u>7.9%</u></b>

\*Absolute return includes credit sensitive investments.  
\*\* Target allocations are based on the FY2024 policy model.  
\*\*\* Capital market assumptions come from 2024 SAA study SMA survey (as of 12/31/2023)  
\*\*\*\* The volatility drag results from the conversion between arithmetic and geometric mean returns.

**Discount Rate Sensitivity Analysis.** The following table presents the Net Pension Liability of the pension plan using the discount rate of 7.00%, and what the net pension liability would be if it were calculated using a discount rate that is 1% point lower (6.00%) or 1% point higher (8.00%) than the current rate.

	<b><u>1% Decrease in Discount Rate (6.00%)</u></b>	<b><u>Discount Rate (7.00%)</u></b>	<b><u>1% Increase in Discount Rate (8.00%)</u></b>
District's proportionate share of the net pension liability	\$ 149,073,150	\$ 93,330,934	\$ 47,144,545

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.** At June 30, 2025, the District reported a net pension liability of \$93,330,934 for its proportionate share of the TRS net pension liability. This liability reflects a reduction for State pension support provided to the District.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the collective net pension liability	\$ 93,330,934
State's proportionate share that is associated with the District	115,238,718
<b>Total</b>	<b>\$ 208,569,652</b>

The net pension liability was measured as of August 31, 2023, and rolled forward to August 31, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2023, through August 31, 2024.

For the fiscal years ended June 30, 2025, and 2024, the District's proportion of the collective net pension liability was as follows:

2025 Measurement Year 8/31/2024	2024 Measurement Year 8/31/2023	Increase/(Decrease)
0.1527906898%	0.1770506836%	-0.0242599938%

*Changes Since the Prior Actuarial Valuation.* The following were changes to the actuarial assumptions or other inputs that affected measurement of the net pension liability since the prior measurement period:

- There were no changes in the actuarial assumptions and methods used in the determination of the prior year's net pension liability.
- The 2023 Texas Legislature passed Senate Bill 10 (SB 10), which provided a stipend payment to certain retirees and variable ad hoc cost-of-living adjustments (COLA) to certain retirees in early fiscal year 2024. Due to its timing, the legislation and payments were not reflected in the August 31, 2023, actuarial valuation. Under the roll forward method, an adjustment was made to reflect the legislation in the rolled forward liabilities for the current measurement year, August 31, 2024. SB 10 and House Joint Resolution 2 (HJR 2) of the 88th Regular Legislative Session appropriated payments of \$1.645 billion for one-time stipends and \$3.355 billion for COLAs. This appropriation is treated as a supplemental contribution and included in other additions. Since the Legislature appropriated funds for this one-time stipend and COLA, there was no impact on the Net Pension Liability of TRS.

For the year ended June 30, 2025, the District recognized pension expense of \$ \$25,227,545 and revenue of \$ \$13,772,953 for support provided by the State in the government-wide financial statements.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

At June 30, 2025, the District reported its proportionate share of the TRS' deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual economic experience	\$ 5,144,274	\$ 728,683
Changes in actuarial assumptions	4,818,876	646,047
Net difference between projected and actual investment earnings	567,326	-
Changes in proportion and difference between the employer's	6,502,478	11,288,654
District contributions paid to TRS subsequent to the measurement date	7,498,213	-
<b>Total</b>	<b>\$ 24,531,167</b>	<b>\$ 12,663,384</b>

The District recognized \$7,498,213 as deferred outflows of resources related to pensions resulting from the District's contributions subsequent to the measurement date, which will be recognized as a reduction of the net pension liability in the measurement year ended August 31, 2025.

The other amounts of the District's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<b>Year ended June 30:</b>	<b>Pension Expense Amount</b>
2026	\$ (538,041)
2027	9,330,418
2028	376,563
2029	(3,667,385)
2030	(1,131,985)
Thereafter	-
	<b>\$ 4,369,570</b>

**I. Defined Other Post-Employment Benefit Plan (OPEB)**

*Plan Description.* The District participates in the Texas Public School Retired Employees Group Insurance Program (TRS-Care). It is a multiple-employer, cost sharing defined benefit OPEB plan with a special funding situation. The TRS-Care program was established in 1986 by the Texas Legislature.

The TRS Board of Trustees administers the TRS-Care program and the related fund in accordance with Texas Insurance Code Chapter 1575. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052. The Board may adopt rules, plans, procedures, and orders reasonably necessary to administer the program, including minimum benefits and financing standards.

*OPEB Plan Fiduciary Net Position.* Detail information about TRS-Care's fiduciary net position is available in the separately issued TRS Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information. That report may be obtained on the Internet at <https://www.trs.texas.gov/learningresources/publications>; by writing to TRS at P.O. Box 149676, Austin, TX, 78714-0185; or by calling (800) 223-8778.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

Components of the net OPEB liability of the TRS-Care plan as of August 31, 2024, are as follows:

Total OPEB liability	\$ 35,168,178,563
Less: plan fiduciary net position	(4,816,646,311)
<b>Net OPEB Liability</b>	<b><u>\$ 30,351,532,252</u></b>
Net position as a percentage of total OPEB liability	13.70%

*Benefits Provided.* TRS-Care provides health insurance coverage to retirees from public and charter schools, regional education service centers and other educational districts who are members of the TRS pension plan. Optional dependent coverage is available for an additional fee.

Eligible non-Medicare retirees and their dependents may enroll in TRS-Care Standard, a high-deductible health plan. Eligible Medicare retirees and their dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system. There are no automatic post-employment benefit changes; including automatic COLAs.

The premium rates for retirees are reflected in the following table.

<b>TRS-CARE Monthly Premium Rates</b>		
	<b>Medicare</b>	<b>Non-Medicare</b>
Retiree*	\$ 135	\$ 200
Retiree and Spouse	529	689
Retiree* and Children	468	408
Retiree and Family	1,020	999
* or surviving spouse		

*Contributions.* Contribution rates for the TRS-Care plan are established in state statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions and contributions from the state, active employees, and school districts based upon active employee compensations. The TRS Board of trustees does not have the authority to set or amend contribution rates.

Texas Insurance Code, section 1575.202 establishes the state's contribution rate which is 1.25% of the employee's salary. Section 1575.203 establishes the active employee's rate which is 0.65% of pay. Section 1575.204 establishes an employer contribution rate of not less than 0.25% or not more than 0.75% of the salary of each active employee of the public or charter school.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

The actual District contribution rate is prescribed by the Legislature in the General Appropriations Act. The following table shows contributions to the TRS-Care plan by type of contributor:

	<b>Contribution Rates</b>	
	<b>2024</b>	<b>2025</b>
Member	0.65%	0.65%
Non-employer contributing entity (NECE) (State)	1.25%	1.25%
Employers	0.75%	0.75%
Federal/private Funding remitted by Employers	1.25%	1.25%
2025 Employer contributions		\$ 1,691,415
2025 Member contributions		\$ 1,307,013
2025 NECE on-behalf contributions		\$ 2,124,454

In addition to the District's contributions listed above, there is an additional surcharge all TRS employers are subject to (regardless of whether they participate in the TRS Care OPEB program). When hiring a TRS retiree, employers are required to pay to TRS Care a monthly surcharge of \$535 per retiree.

*Actuarial Assumptions.* The actuarial valuation was performed as of August 31, 2023. Updated procedures were used to roll forward the Total OPEB Liability to August 31, 2024. The actuarial valuation was determined using the following actuarial assumptions:

The actuarial valuation of the OPEB plan offered through TRS-Care is similar to the actuarial valuation performed for the pension plan, except that the OPEB valuation is more complex. The demographic assumptions were developed in the experience study performed for TRS for the period ending August 31, 2021.

The following assumptions and other inputs used for members of TRS-Care are based on an established pattern of practice and are identical to the assumptions used in the August 31, 2023, TRS pension actuarial valuation that was rolled forward to August 31, 2024:

Rates of Mortality	Rates of Disability
Rates of Retirement	General Inflation
Rates of Termination	Wage Inflation

The active mortality rates were based on PUB(2010), Amount-Weighted, Below-Median Income, Teacher male and female tables (with a two-year set forward for males). The post-retirement mortality rates for healthy lives were based on the 2021 TRS of Texas Healthy Pensioner Mortality Tables. The rates were projected on a fully generational basis using the ultimate improvement rates from mortality projection scale MP-2021.

*Additional Actuarial Methods and Assumptions:*

Valuation date	August 31, 2023, rolled forward to August 31, 2024
Actuarial cost method	Individual entry age normal
Inflation	2.30%
Single discount rate	3.87% as of August 31, 2024
Aging factors	Based on the Society of Actuaries' 2013 Study
Expenses	Third-party administrative expenses related to the
Salary increases	2.95% to 8.95%, including inflation*
Ad hoc post-employment benefit changes	None
*Includes inflation at 2.30%	

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

*Discount Rate.* A single discount rate of 3.87% was used to measure the total OPEB liability. There was a decrease of 0.26% in the discount rate since the previous year. Since the plan is a “pay-as-you-go” plan, the single discount rate is equal to the prevailing municipal bond rate.

Because the investments are held in cash and there is no intentional objective to advance fund the benefits, the single discount rate is equal to the prevailing municipal bond rate.

The source of the municipal bond rate is the Bond Buyer’s “20-Bond GO Index” as of August 31, 2024, using the Fixed Income Municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds.

*Discount Rate Sensitivity Analysis.* The following schedule shows the impact of the net OPEB liability if the discount rate used was 1% point lower than and 1% point higher than the discount rate that was used (3.87%) in measuring the net OPEB liability:

	<b>1% Decrease in Discount (2.87%)</b>	<b>Current Discount Rate (3.87%)</b>	<b>1% Increase in Discount Rate (4.87%)</b>
District's proportionate share of the net OPEB liability	\$ 67,307,411	\$ 56,653,841	\$ 48,045,597

*Healthcare Trend Rate Sensitivity Analysis.* The following schedule shows the impact of the net OPEB liability if a healthcare trend rate that is 1% less than and 1% greater than the health trend rates assumed.

	<b>1% Decrease in Healthcare Trend Rate</b>	<b>Current Healthcare Trend Rate</b>	<b>1% Increase in Healthcare Trend Rate</b>
District's proportionate share of the net OPEB liability	\$ 46,136,143	\$ 56,653,841	\$ 70,359,451

*OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs.* At June 30, 2025, the District reported a liability of \$56,653,841 for its proportionate share of the TRS' net OPEB liability. This liability reflects a reduction for State OPEB support provided to the District. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the collective net OPEB liability	\$ 56,653,841
State's proportionate share that is associated with the District	70,986,495
<b>Total</b>	<b><u>\$ 127,640,336</u></b>

The net OPEB liability was measured as of August 31, 2023, and rolled forward to August 31, 2024, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability was based on the District's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2023, thru August 31, 2024.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

For the fiscal years ended June 30, 2025, and 2024, the District's proportion of the collective net OPEB liability was as follows:

<b>2025</b>	<b>2024</b>	
<b>Measurement Year</b>	<b>Measurement Year</b>	
<b>8/31/2024</b>	<b>8/31/2023</b>	<b>Increase/(Decrease)</b>
0.1866589164%	0.2172266122%	-0.0305676958%

*Changes Since the Prior Actuarial Valuation.* The following were changes to the actuarial assumptions or other inputs that affected measurement of the total OPEB liability (TOL) since the prior measurement period:

- The single discount rate changed from 4.13% as of August 31, 2023, to 3.87% as of August 31, 2024, accompanied by revised demographic and economic assumptions based on the TRS experience study. This change decreased the total OPEB liability.
- The tables used to model the impact of aging on the underlying claims were revised.
- There were no changes in benefit terms since the prior measurement date.

The amount of OPEB expense recognized by the District in the reporting period was \$(15,825,744). For the year ended June 30, 2025, the District recognized OPEB expense of \$(15,825,744) and revenue of \$(9,226,934) for support provided by the State.

On June 30, 2025, the District reported its proportionate share of the TRS' deferred outflows of resources and deferred inflows of resources related to other post-employment benefits from the following sources:

	<b>Deferred of Resources</b>	<b>Deferred of Resources</b>
Differences between expected and actual economic experience	\$ 10,858,639	\$ 28,273,338
Changes in actuarial assumptions	7,251,022	18,485,493
Net difference between projected and actual investment earnings	-	158,649
Changes in proportion and difference between the employer's	12,404,201	15,860,506
District contributions paid to TRS subsequent to the measurement date	1,418,801	-
<b>Total</b>	<b>\$ 31,932,663</b>	<b>\$ 62,777,986</b>

The District recognized \$1,418,801 as deferred outflows of resources related to OPEB resulting from the District's contributions subsequent to the measurement date, which will be recognized as a reduction of the net pension liability in the measurement year ended June 30, 2025. The other amounts of the employer's balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<b>Year ended June 30:</b>	<b>OPEB Expense Amount</b>
2026	\$ (7,781,835)
2027	(5,215,932)
2028	(6,809,132)
2029	(6,040,461)
2030	(3,354,834)
Thereafter	(3,061,930)
	<b>\$ (32,264,124)</b>

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

**J. Medicare Part D – On Behalf Payments**

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, effective January 1, 2006, established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. One of the provisions of Medicare Part D allows for the Texas Public School Retired Employee Group Insurance Program (TRS-Care) to receive retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. For the fiscal years ended June 30, 2025, 2024, and 2023, the subsidy payments received by TRS-Care on-behalf of the District were \$1,450,492, \$1,070,319 and \$1,117,287, respectively. These payments are recorded as equal revenues and expenditures/expenses in the financial statements.

**K. Health Care**

The District provides medical insurance coverage for its employees through the TRS-Active Care insurance provided by the TRS. This is a premium-based plan; payments are made on a monthly basis for all covered employees. The District contributes \$310 per month for each employee enrolled in the health insurance plan. Employees are able to choose from three types of coverage and are responsible for premiums in excess of the District subsidy, including dependent coverage.

The District operates an alternative insurance plan to provide health benefits to its employees. Under this plan, the District is responsible for funding claims incurred up to specified individual and aggregate limits. The plan includes stop-loss insurance to cover claims exceeding these limits, thereby reducing the District's exposure to unusually high claims.

**L. Governmental Fund Balance**

The following table details fund balances for all governmental funds:

<b>Fund Balances</b>	<b>General Fund</b>	<b>Debt Service Service Fund</b>	<b>Capital Projects Funds</b>	<b>Non-major Governmental Funds</b>	<b>Total Governmental Funds</b>
Nonspendable:					
Inventories	\$ 355,224	\$ -	\$ -	\$ 153,611	\$ 508,835
Prepaid items	974,341	-	-	-	974,341
Restricted:					
Federal or state funds - child nutrition	-	-	-	14,673,510	14,673,510
Capital acquisition and contractual obligation	-	-	19,744,675	-	19,744,675
Retirement of long-term debt	-	51,582,009	-	-	51,582,009
Other state or local funds	-	-	16,746,240	280,337	17,026,577
Committed:					
Other - Construction - disaster recovery	32,467,310	-	-	-	32,467,310
Other - Campus activity	-	-	-	1,349,965	1,349,965
Assigned - Others	1,360,386	-	-	-	1,360,386
Unassigned	71,513,933	-	-	-	71,513,933
<b>Total</b>	<b>\$ 106,671,194</b>	<b>\$ 51,582,009</b>	<b>\$ 36,490,915</b>	<b>\$ 16,457,423</b>	<b>\$ 211,201,541</b>

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

**III. OTHER INFORMATION**

**A. Risk Management**

Workers' Compensation, Auto, Liability and/or Property Programs

For the year ended June 30, 2025, the District met its statutory workers' compensation obligations through participation in the TASB Risk Management Fund (the "Fund"). The Fund was created and is operated under the provisions of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code. The Fund's Workers Compensation Program is authorized by Chapter 504, Texas Labor Code. All members participating in the Fund execute Interlocal Agreements that define the responsibilities of the parties. The Fund provides statutory workers' compensation benefits to its members' injured employees.

The District participates in the Fund's reimbursable aggregate deductible program. As such, the District is responsible for a certain amount of claims liability as outlined in the District's Contribution and Coverage Summary document. After the District's deductible has been met, the Fund is responsible for additional claims liability.

The Fund and its members are protected against higher-than-expected claims costs through the purchase of stop loss coverage for any claim in excess of the Fund's self-insured retention of \$2 million. The Fund uses the services of an independent actuary to determine reserve adequacy and fully funds those reserves. As of August 31, 2024, the Fund carried a discounted reserve of \$50,247,590 for future development on reported claims and claims that have been incurred but not yet reported. For the year ended June 30, 2025, the Fund anticipates no additional liability to members beyond their contractual obligations for payment of contributions and reimbursable aggregate deductibles.

The liability estimation, obtained from an actuarial report prepared by Turner Consulting, Inc., requires the estimate of loss development over an extended period of time. During this time numerous internal and external factors will affect the ultimate settlement value of claims. Due to the inherent uncertainty with regard to the impact of these factors, there can be no guarantee that actual losses will not vary, perhaps significantly, from the estimates.

The following is a summary of the changes in the balances of claims liabilities for workers' compensation for the years ended June 30, 2025, and 2024:

	<b>2025</b>	<b>2024</b>
Liability, beginning of period	\$ 616,389	\$ 513,869
Changes in the est. for current & prior period claims	365,140	371,785
Payments on claims	(373,461)	(269,265)
<b>Liability, end of period</b>	<b>\$ 608,068</b>	<b>\$ 616,389</b>

The District also participates in the Fund's Auto, Liability and Property programs. The Fund purchases stop-loss coverage for protection against catastrophic and larger than anticipated claims for its Auto, Liability and Property programs. The terms and limits of the stop-loss program vary by line of coverage. The Fund uses the services of an independent actuary to determine the adequacy of reserves and fully funds those reserves. For the year ended June 30, 2025, the Fund anticipates that the District has no additional liability beyond the contractual obligations for payment of contributions.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

**Property Casualty**

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District purchases property and casualty insurance to mitigate the financial burden associated with these risks. For the year ended June 30, 2025, physical damage to the District's schedule of insured assets is limited to \$100 million per occurrence for several covered perils, as expressed within the insurance policy terms and conditions. Coverage for "Wind" damage associated with "Named Storms" is limited \$30 million per occurrence. Flood insurance is subject to an annual aggregate limit depending upon FEMA Flood Zones. Policy deductibles range from \$5,000 to 3% of the Total Insured Values, depending on the peril or cause of loss. Settled claims have not exceeded the policy limit in any of the past (3) three fiscal years.

The Fund engages the services of independent auditors to conduct a financial audit after the close of each plan year on August 31. The audit is accepted by the Fund's Board of Trustees in February of the following year. The Fund's audited financial statements as of August 31, 2024, are available on the TASB Risk Management Fund website and have been filed with the Texas Department of Insurance in Austin.

**B. Litigation and Contingencies**

The District is a party to various legal actions none of which the Administration, based on consultation with its legal counsel, believes will have a material effect on the financial condition of the District. Accordingly, no provisions for gains or losses have been recorded in the accompanying government-wide or fund financial statements for contingencies.

The District participates in numerous state and federal grant programs governed by various rules and regulations of the grantor agencies. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. To the extent that the District has not complied with the rules and regulations governing the grants, if any, claims may be disallowed. Any disallowed claims, including amounts already collected, may constitute a liability of the District.

In the opinion of the Administration, no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants exist; therefore, no provision has been recorded in the accompanying government-wide or fund financial statements.

**C. Construction and Other Significant Commitments**

At June 30, 2025, the District had \$1.8 million under construction contracts.

The District utilizes encumbrance accounting in its governmental funds. Encumbrances represent commitments related to contracts not yet performed (executory contracts) and are used to control expenditures for the year and to enhance cash management. A school district often issues purchase orders or signs contracts for the purchase of goods and services to be received in the future. At the time these commitments are made, which in its simplest form means that when a purchase order is prepared, the appropriate accounts are checked for available funds. If an adequate balance exists, the amount of the order is immediately charged to the account to reduce the available balance for control purposes.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

Prior to the end of the year, every effort should be made to liquidate outstanding encumbrances. When encumbrances are outstanding at year end, the school district likely will honor the open purchase orders or contracts that support the encumbrances. For reporting purposes, outstanding encumbrances are not considered expenditures for the fiscal year, only a commitment to expend resources. If the school district allows encumbrances to lapse, even though it plans to honor encumbrances, the appropriations authority expires, and the items represented by the encumbrances are usually re-appropriated in the following year's budget. Open encumbrances at fiscal year are included in restricted, committed, or assigned fund balance, as appropriate.

**D. Shared Service Arrangements (SSAs)**

A Shared Service Arrangement (SSA) is an agreement between two or more governmental entities to share resources, services, or expertise to achieve a common goal. The purpose is typically to provide services more efficiently or cost-effectively. In school districts, SSAs often involve sharing specialized services such as special education, transportation, or administrative support. For example, two districts may share the costs of a specialized teacher or jointly operate a school program.

The District participates in the Tri-County County Cooperative For Deaf Education Regional Day School Program for the Deaf, a SSA, with 11 surrounding member Districts. The District is acting as the fiscal agent for the parties involved. This program is to provide a system of direct and supportive special education services to eligible hearing-impaired students. Funding for this program is provided by the TEA and by the member districts at a per pupil cost of \$15,373.

In 2025, approximately 35% of the funding was from the state grant and 65% from the member districts. Revenues and expenditures for the SSA are summarized below:

Revenues:	
5700 - Member districts	\$ 1,156,949
5800 - State program revenue from TEA	627,478
	<u>\$ 1,784,427</u>
Expenditures:	
6100 - Payroll costs	\$ 1,609,734
6200 - Professional and contracted service	158,697
6300 - Supplies and materials	1,992
6400 - Other operating costs	14,004
	<u>\$ 1,784,427</u>

As fiscal agent, the District is responsible for reporting all financial activities of the SSA. The District accounts for the activity in Special Revenue Fund #435. No fund balance accumulates in the SSA and there are no separately issued financial statements. The SSA is an annually renewable agreement.

**E. Related Organizations**

The Goose Creek Consolidated ISD Education Foundation ("Foundation"), a non-profit entity which was organized in 2009 to provide funds for District teaching and education programs, is a "related organization" as defined by GASB Statement No. 61. The members of the Board of Directors of the Foundation serve without financial compensation. The operations of the Foundation are not financially significant to the overall operations of the District and therefore are not reported in the District's financial statements.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS**

**F. Limited Assessed Value Agreements (Tax Abatements)**

Tax Code Chapter 313 allows public school districts to offer businesses a 10-year limitation on a property value for a portion of the property tax in exchange for investment and the creation of jobs meeting certain requirements. The District has entered into Limited Assessed Value Agreements (commonly referred to as "Chapter 313 Agreement") with ExxonMobil Corporation, Borusan Mannesmann Pipe US, Inc., and Chevron Phillips Chemical Company, LP as an incentive for the entity to add taxable property within the District and create manufacturing jobs. Under the provisions of Chapter 313, the District offers a minimum value limitation of \$30 million. When property is valued, the District forgoes collection of maintenance & operation tax revenue; however, limited tax revenue is offset by an increase in state funding through the Foundation School Program (FSP) funding formula. In lieu of tax payment, the District has received \$9,966,968 from the entities during the current fiscal year. These payments are

**G. Subsequent Events**

On December 15, 2025, the District issued Unlimited Tax Refunding Bonds, Series 2026A in the principal amount of \$25,105,000, at a premium of \$1,445,521, to refund the following outstanding bond issues: Unlimited Tax School Building and Refunding Bonds, Series 2014 (\$6,065,000) and Unlimited Tax Refunding Bonds, Series 2016A (\$19,755,000). Costs of issuance related to the Series 2026A bonds were \$225,505. The Series 2026A bonds were issued with a stated interest rate of 5.00% and mature on February 15, 2030, with scheduled principal payments ranging from \$450,000 to \$7,240,000.

In addition, on December 15, 2025, the District issued Unlimited Tax Refunding Bonds, Series 2026B in the principal amount of \$9,310,000, at a premium of \$425,631, to refund Unlimited Tax Refunding Bonds, Series 2016B (\$9,405,000). Costs of issuance related to the Series 2026B bonds were \$122,121. The Series 2026B bonds were issued with a stated interest rate of 5.00% and mature on February 15, 2028, with scheduled principal payments ranging from \$200,000 to \$9,110,000.

In preparing the financial statements, the District has evaluated subsequent events through February 9, 2026, the date the financials were available to be issued. The District is not aware of any additional events that have occurred subsequent to the statement of financial position date that would require adjustment to or disclosure in, the financial statements.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**

**Notes to Schedule of Revenue, Expenditures, and Changes in Fund Balance**

*Budgetary Information*

The District adopts an “appropriated budget” for the General Fund, Debt Service Fund, and the Child Nutrition Fund using the same method of accounting as for financial reporting, as required by law. The remaining Special Revenue Funds (primarily federal grant programs) utilize a managerial type budget approved at the fund level by the Board of Trustees upon acceptance of the grants. These grants are subject to Federal, State and locally imposed length budgets and monitoring through submission of reimbursement reports.

Expenditures may not legally exceed budgeted appropriations at the function or activity level. Expenditure requests which would require an increase in total budgeted appropriations, must be approved by the Trustees through formal budget amendment. State law prohibits trustees from making budget appropriations in excess of funds available or estimated revenues. State law also prohibits amendment of the budget after fiscal year end. Supplemental appropriations were made to the General Fund during the year ended June 30, 2025.

The administrative level at which responsibility for control of budgeted appropriations begins is at the organizational level within each function of operations. The finance department reviews closely the expenditure requests submitted by the various organizational heads (principals and department heads) throughout the year to ensure proper spending compliance. No public funds of the District shall be expended in any manner other than as provided for in the budget adopted by the Board of Trustees.

The official school budget for fiscal year 2025 was prepared for adoption for budgeted governmental fund types by June 30, 2024. The budget was adopted by the Board of Trustees at a duly advertised public meeting prior to the expenditure of funds. The final amended budget is filed with the Texas Education Agency (TEA) through inclusion in the annual financial and compliance report.

Encumbrance accounting is utilized in all government fund types. Encumbrances for goods and purchased services are documented by purchase orders or contracts. Under Texas law, appropriations lapse at year-end and encumbrances outstanding at that time are appropriately provided for in the subsequent year's budget.

The TEA requires the budgets for the General Fund, Debt Service Fund, and Child Nutrition Program to be filed with the TEA. The budget should not be exceeded in any functional category under TEA requirements.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**

**Notes to the Schedule of the District's Proportionate Share of the Net Pension Liability**

*Changes in Benefits*

- There were no changes in benefit terms since the prior measurement date.

*Changes of Assumptions*

The following were changes to the actuarial assumptions or other inputs that affected the measurement of the net pension liability since the prior measurement period:

- There were no changes in the actuarial assumptions and methods used in the determination of the prior year's net pension liability.
- The Texas 2023 Legislature passed legislation that provides a one-time stipend to certain retired teachers. The stipend was paid to retirees beginning in September of 2023. The Legislature appropriated funds to pay for this one-time stipend so there will be no impact on the net pension liability of TRS. In addition, the Legislature also provided for a cost of living adjustment (COLA) to retirees which was approved during the November 2023 election which will be paid in January 2024. Therefore, this contingent liability was not reflected as of August 31, 2023.

**Notes to Schedule of the District's Proportionate Share of the Net OPEB Liability**

*Changes in Benefits*

- There were no changes in benefit terms since the prior measurement date.

*Changes of Assumptions*

The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB liability (TOL) since the prior measurement period:

- The single discount rate changed from 3.91% as of August 31, 2022 to 4.13% as of August 31, 2023, accompanied by revised demographic and economic assumptions based on the TRS experience study.

# COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

For The Year Ended June 30, 2025

This page left blank intentionally.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NONMAJOR GOVERNMENTAL FUNDS  
SPECIAL REVENUE FUNDS**

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for particular purposes. Most, but not all, of these funds must be applied for through the Standard Application System (SAS).

- 211 **ESEA, I. A. Improving Basic Programs** – Provide supplemental educational opportunities to help economically disadvantaged children master state academic standards.
- 212 **ESEA, Title I, Part C, Migrant**– Develop programs to meet the special educational needs of children of migratory agricultural workers.
- 224 **IDEA, Part B, Formula** – Provide instructional personnel, supplies, equipment and related services to students with disabilities.
- 225 **IDEA, Part B, Preschool** – Provide instructional personnel, supplies, equipment and related services to preschool students with disabilities.
- 226 **IDEA – Part B, Discretionary** – To account for funds used to support a regional education service center (ESC) special education component and also: targeted support to districts, regional day school programs for the deaf, private residential placements, priority projects, and other emerging needs.
- 240 **Child Nutrition Program** – Support programs using federal reimbursement revenues from the United States Department of Agriculture (USDA).
- 244 **Career and Technical – Basic Grant** – Provide educational programs which allow students the opportunity to apply academic skills in a vocational setting.
- 255 **ESEA, II. A Training and Recruiting**– To increase student achievement through improving teacher and principal quality and increasing the number of highly qualified teachers in classrooms and highly qualified principals and assistant principals in schools.
- 263 **Title III. A English Lang. Acquisition** – To improve the education of limited English proficient students.
- 279 **Texas COVID Learning Acceleration Supports (TCLAS) – State Elementary and Secondary School Emergency Relief Fund III (ESSER III) of the American Rescue Plan (ARP) Act of 2021** – To account for funds granted for targeted supports to assist LEAs to accelerate student learning due to learning loss caused by the COVID-19 pandemic.
- 282 **Elementary and Secondary School Emergency Relief Fund III (ESSER III) of the American Rescue Plan Act of 2021** – To account for federal stimulus ESSER III funds granted by the ARP Act to address learning loss and the disproportionate impact of the coronavirus on certain student subgroups, identify and provide homeless children and youth with services in light of challenges of the coronavirus, and enable homeless children and youth to attend school and participate fully in school activities.
- 289 **Other Federal Special Revenue Funds** – (Summer LEP Program) Providing funding for summer program for students with limited English proficiency.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NONMAJOR GOVERNMENTAL FUNDS  
SPECIAL REVENUE FUNDS**

- 315 **Shared Services Arrangements - IDEA-Part B, Discretionary** – To supplement the level of state and local funds for students with disabilities. This program serves several member districts including Goose Creek CISD.
- 340 **Shared Services Arrangements - IDEA C, Deaf Early Intervention** – Provide funding for early intervention programs for infants and toddlers who are deaf.
- 397 **Advanced Placement Incentives** – Reward campuses for performance on the Advanced Placement and International Baccalaureate Examinations.
- 410 **State Instructional Materials** – To account for funds awarded to school districts under the textbook allotment.
- 429 **Other State Special Revenue Funds** – (Ready to Read License Plates) Funds provided by state through the sale of specialty license plates for public school libraries and to strengthen campus reading programs.
- 435 **SSA – Regional Day School Deaf** – Provide funding for staff and activities of the Regional Day School for the Deaf. This program serves several member districts including Goose Creek CISD.
- 461 **Campus Activity Funds** – To account for transactions related to the principals' activity funds.
- 499 **Other Local Special Revenue Funds** – Locally funded special revenue funds not specified above.

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
STATISTICAL SECTION  
(UNAUDITED)**

This section of the Goose Creek Consolidation Independent School District's Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information represents about the District's overall financial health.

	<b>Page</b>
<b>Financial Trends .....</b>	<b>126</b>
These schedules include trend information to assist the reader in following the District's financial performance and condition over a period of time.	
<b>Revenue Capacity .....</b>	<b>134</b>
These schedules contain information to help evaluate the District's most significant local revenue source, the property tax.	
<b>Debt Capacity .....</b>	<b>139</b>
These schedules present information to assess the District's current outstanding debt level. This information may also be useful in measuring the District's ability to issue additional debt.	
<b>Demographic and Economic Information.....</b>	<b>144</b>
These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	
<b>Operating Information.....</b>	<b>148</b>
These schedules contain service and infrastructure data to aid in evaluating how the information in the District's annual comprehensive financial report relates to the services the District provides and the activities it performs.

\* Source: Harris and Chambers County (Texas) Appraisal Districts annually provide the District's Tax Office with appraised values for properties within the District's taxing authority. Appraised value equals actual value. Actual value less exemptions equals taxable/assessed value. Taxable/assessed value times the tax rate set by the District's Board of Trustees equals the tax levy.

(1) Represents original certified appraised value which are subject to change after protests and preliminary values are certified.

(2) Tax rates are per \$100 of assessed value

Source: The Municipal Advisory Council of Texas.

\* Goose Creek CISD is located in both Harris and Chambers County.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses within the boundaries of the District. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

(1) The percentage of overlapping debt is estimated using assessed/taxable property values. Percentages were estimated by determining the portion of the overlapping tax authority's assessed/taxable value that is within the District's boundaries and dividing it by the overlapping taxing authority's total assessed/taxable value.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

To the Board of Trustees  
GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
Baytown, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Goose Creek Consolidated Independent School District (the District), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated February 9, 2026.

## **Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

To the Board of Trustees  
GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## CERTIFIED PUBLIC ACCOUNTANTS

### **INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Trustees  
GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
Baytown, Texas

#### **Report on Compliance for Each Major Federal Program**

##### ***Opinion on Each Major Federal Program***

We have audited Goose Creek Consolidated Independent School District's (the District) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2025. The District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

##### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

##### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

##### ***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

### **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our report thereon dated February 9, 2026, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

To the Board of Trustees  
GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED JUNE 30, 2025**

**II. FINANCIAL STATEMENT FINDINGS**

None Noted.

**III. FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS**

None Noted.

DRAFT

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS**

**2018-2 Child Nutrition Cluster (CFDA #10.553, #10.555, #10.559)**

*Condition:* At June 30, 2018, the District's Child Nutrition Program restricted fund balance exceeded the Texas Department of Agriculture's (TDA) allowable net cash resources limit of three months' expenditures.

*Recommendation:* The District should evaluate its future spending to ensure its Child Nutrition fund balance is in compliance with TDA's net cash resource requirements.

*Corrective Action Taken/Current Status:* The District submitted a plan in March 2018 to address net cash resources. Due to limited spending activity and circumstances related to the COVID-19 pandemic, the original timeline was extended. The District continued coordinating with TDA through June 30, 2022 to reduce the excess fund balances.

In August 2023, the District submitted a revised spend-down plan to TDA, which was approved on August 30, 2023, with a scheduled completion date of August 31, 2024. The approved plan has been updated to incorporate current TDA guidance, is in progress, and is monitored by both the District and TDA.

Beginning in school year 2024-2025, TDA allows School Food Authorities (SFA) to retain net cash resources not to exceed six months' average expenditures. This guidance is not retroactive; therefore, the SFA with previously approved spend-down plans are required to continue adhering to those plans. Although excess fund balance may remain, the District is in compliance with TDA requirements through its approved and active spend-down plan. No additional corrective action is required at this time.

**2022-1; Excess Expenditures over Appropriations**

**2023-1;**

**2024-1** *Recommendation:* District personnel should continue to review all expenditures during the year to ensure that any necessary budget amendments are brought to the Board of Trustee for approval before June 30.

*Corrective Action Taken/Current Status:* The Board adopted its fiscal year 2025 budget and approved several budget amendments during the year. For the year ended June 30, 2025, the District reports no excess expenditures over appropriations.

**CORRECTIVE ACTION PLAN  
FOR THE YEAR ENDED JUNE 30, 2025**

None noted.

See Accompanying Notes to the Schedule of Expenditures of Federal Awards

**GOOSE CREEK CONSOLIDATED INDEPENDENT SCHOOL DISTRICT  
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**

1. The District utilizes the fund types specified in Texas Education Agency's (TEA) *Financial Accountability System Resource Guide*. Special Revenue Funds are used to account for resources restricted or committed to specific purposes by a grantor. Federal and state financial assistance is generally accounted for in a Special Revenue Fund.

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal award activity of the District under programs of the federal government for the year ended June 30, 2025. The information in the SEFA is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Because the SEFA presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net assets or cash flows of the District.

2. The District has not elected to use the 10% de minimis indirect cost rate under the Uniform Guidance.
3. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The governmental fund types and agency funds are accounted for using a current financial resources measurement focus. All federal grant funds are accounted for in the special revenue funds, a component of the governmental fund type. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements for these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is used for the governmental fund types. Under this basis of accounting, revenues are recognized in the accounting period in which they become measurable and available. Expenditures are recognized in the accounting period in which the related fund liability is incurred, if measurable, except for unmatured interest on long-term debt, which is recognized when due, and for certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. Accordingly, when such funds are received prior to being earned, they are recorded as unearned revenues. Generally, unused balances are returned to the grantor at the close of specified project periods.

4. The District participates in numerous state and federal grant programs that are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies. Accordingly, to the extent that the District has not complied with the rules and regulations governing the grants, if any, refunds of any money received may be required, and the collectability of any related receivable at June 30, 2025 may be impaired.

In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.
