AGENDA ITEM: 4.4

TOPIC: LEVY/BOND DISCUSSION

BACKGROUND: A group of community members and staff members met to review the strategic plan in September 2016. Three action teams were formed and one of the action teams addressed the potential need for a levy and/or bond vote, at some point, to address unmet needs within the district.

A recommendation was made to form a task force to look more closely at a levy/bond. School Board Member Jeff Peterson facilitated the task force and reported on their work earlier this year.

PROCESS: Since the task force report, the next steps are for the School Board to discuss a possible levy/bond question(s) and the timing of such a vote should one occur.

RECOMMENDATION: Discussion regarding next steps.
