## Education Updates

- Dwayne and I will be attending the Day on the Hill at the legislature on February 17<sup>th</sup> and 18<sup>th</sup>.
- The legislature has been busy working on legislation to limit the running of school bonds, narrowing the focus of superintendent evaluations, and looking for alternatives to the 10<sup>th</sup> grade ISAT. The House Education Committee voted on the content standards today. They voted to repeal ELA, math, and science standards as well as the requirement for senior year math. However, the Senate Education Committee will most likely approve them making the action of the House mostly symbolic. It's another interesting session.
