

Good afternoon,

Please accept this email as formal notice of my intent to retire at the end of this school year. I will let Lourdes know my retirement date once I have a chance to further review the retirement medical insurance options. I will follow up with the Office of Retirement Services after spring break to complete and file the necessary paperwork. If there is anything that I need to do for the district, please let me know.

I am thankful for the years I have spent as an employee of Vicksburg Community Schools. I certainly hope that I have touched the young lives that I have been blessed to teach, in even the smallest way. I will take with me many memories of the students I have taught, their families and my colleagues (who are the best). I am thankful for the leadership and guidance at VCS and especially, my principal (for the majority of my time here), Mike Barwegen.

Fondly,

Carole Boal
