

BOARD OF SCHOOL TRUSTEES

KELLER INDEPENDENT SCHOOL DISTRICT

3B. Action

Date: April 25, 2005

SUBJECT: PROFESSIONAL SERVICES SELECTIONS

**BOARD GOAL: Safe Schools
Budget and Finance**

FISCAL NOTE: Bond Funds

Background Information:

- Various professional services are required for construction projects. Services include soil/construction testing, surveying, and plan examination/inspection for permitting. We have received and/or reviewed qualifications from interested firms.
- The need for professional services was previewed for the Board at the April 11 board meeting.

Administrative Considerations:

- Selection of geotechnical and construction materials testing firms.
 - After reviewing qualifications from Alliance Geotechnical Group, Fugro South, Inc., GEE Consultants, Inc., Terra-Mar – U.S. Labs, CMJ Engineering, Inc., and Apex Geoscience Inc., we are requesting that that the district accept Alliance Geotechnical Group, Fugro South, Inc. and CMJ Engineering for these services.
- Selection of topographic and boundary surveys.
 - We are requesting that Teague, Nall and Perkins be accepted for these services.
- Selection of inspection and permitting services.
 - We are requesting that Graham Marcus, Inc. and Winston Services be accepted for these services.

+++++

The administration recommends that the Board of Trustees approve the professional services selections as presented.

Respectfully submitted,

Mark A. Canterbury, AIA
District Architect
