

Operations Activity Report

April 2024

Maintenance

- In the month of March, maintenance completed 89 work orders.
- We are currently down 1 maintenance member and 1 groundskeeper position.
- We are currently focusing on getting our operational staff moved to another location to make our current offices into classrooms.
- The new stadium speakers are all assembled, and the current system will be decommissioned as soon as the new brackets come in. These should be online and working by the end of the month.

Custodial

- We are down 2 custodial positions and are interviewing to get these positions filled.

Safety and Security

- RFP was put out for the district fencing plan and we will be bringing the proposal for board approval this April's meeting.
- We have added new vape sensors to the Junior High campus.
- Next Safety Committee meeting is on April 25th.
