

Consent Item

Date: June 9, 2025

Division: Student Services

Subject: Hazardous Route

Background Information:

- Each year, LISD administration brings forth hazardous routes for approval by the board
- Last month, Student Services presented the report with no changes from the prior year except for additions from retiring campuses and those neighborhoods.

Administrative Consideration:

- Upon review and discussion with receiving campuses of the new enrollments, it was discovered that one route was omitted from the last month presentation.
- The area south of Bellaire Boulevard that feeds Lakeland Elementary will need to be added to the 25-26 hazardous routes.
- This additional route was brought forth in the June 2, 2025 Transportation Update

Recommendations:

- It is the recommendation of administration that the Board accepts and approves the added hazardous route for Lakeland Elementary

Timeline/Report:

- Route to be in place for the 2025-2026 school year
