RE: 2021-22 Restraint and Seclusion incidences, abbreviated school days, and current MANDT trained staff

The Oregon Department of Education's Restraint and Seclusion collection looked different this year. In the absence of its usual template indicating that the information was shared with the school board, I am sending the information in narrative form so that it is timely and completed before the transition to a new Special Student Services Director. If additional guidance is given for sharing information with the board, my successor can give that update at a future date.

INCIDENCES OF RESTRAINT AND SECLUSION:

During the 2021-22 school year, only 1 incident of restraint occurred in the district. There were no incidences of seclusion in the district this school year.

ABBREVIATED SCHOOL DAYS:

The district had two students on abbreviated school days during the 2021-22 school year. The district is following guidelines set forth by the Oregon Department of Education regarding students on abbreviated school days.

CURRENT DISTRICT STAFF THAT ARE MANDT (our restraint and de-escalation training program) TRAINED:
