

Linda,

Upon review of section 26.04(b), I found that the Submission of Roll to Governing Body does not require tax rates to be included nor does it require the submission to be accepted by the Board. It is for information purposes only.

Below is section 26.04(b) from the Texas Property Tax Code 2008, which states what the assessor and/or collector must submit to the taxing unit.

*26.04. Submission of Roll to Governing Body*

*(b)The assessor shall submit the appraisal roll for the unit showing the total appraised, assessed, and taxable values of all property and the total taxable value of new property to the governing body of the unit by August 1 or as soon thereafter as practicable. By August 1 or as soon thereafter as practicable, the taxing unit's collector shall certify an estimate of the collection rate for the current year to the governing body. If the collector certified an anticipated collection rate in the preceding year and the actual collection rate in that year exceeded the anticipated rate, the collector shall also certify the amount of debt taxes collected in excess of the anticipated amount in the preceding year.*

Attached is the amended Submission of Roll to Governing Body in accordance with section 26.04(b).

My door is always open to anyone who may have questions concerning the Truth in Taxation process or the procedures the tax office follows.

Thanks,

Linda
