

## KAUFMAN ISD – TRANSPORTATION REPORT

March 2025

The Transportation team partnered with the service center to host the 2<sup>nd</sup> annual chili cook-off, bringing together staff for some friendly competition and team building. We're proud to share that our Transportation team placed 2<sup>nd</sup> and 3<sup>rd</sup> this year- an impressive showing! It was a great opportunity to strengthen collaboration awhile having some fun!

February brought its share of weather challenges, including icy conditions that required an early morning road check to ensure student and staff safety. Our Transportation Director was out at 3 a.m. to assess road conditions and was met by the Superintendent, who was also out ensuring our school had remained safe and walkways were ready to welcome our Lions!

Transportation has completed an updated aging report. This will start a strategic replacement plan which will reinforce our current goal of replacing all vehicles that are 15 years or older. As our district continues to grow, strategic fleet replacements and upgrades will be essential to maintaining maintenance costs, and ensuring safe transportation for our precious cargo.
