Re: Bond Purchase – Tractors

As you know replacement of custodial and maintenance equipment was included in the 2013 voter approved bond. We would like to discuss the bid to purchase tractors from the bond proceeds at the Monday, November 4, 2013 Finance Committee meeting. Please see the attached detailed information from the Administrator of Operations Ray Raymond. Mr. Raymond attended the October 28, 2013 Finance Committee Meeting to discuss the purchase.

After careful consideration by the Operations Department, it was determined to purchase John Deere X500 equipment to meet the needs of our schools for mowing and snow removal. The purchase is from the qualified pre-bid list, MiDeal and the distributor for this area is Weingartz Supply Company, Farmington, Michigan.

Also attached is a spreadsheet with the updated information on Bond purchases for the Operations Department (Maintenance and Custodial). We would also note that we are in the process of bidding other custodial equipment (floor equipment) and we will bring the results of the bid to the Board of Education at a later date. Please let me know if you have any questions. Thank you.

LIVONIA PUBLIC SCHOOLS

Operations Department

Memorandum

TO: Lisa Abbey
FROM: Raymond E. Raymond, Jr.
DATE: October 15, 2013
SUBJECT: Bond Purchase (Equipment)

I recommend and seek approval to purchase eighteen (18) John Deere Select Series X500 Multi-Terrain Tractors with 48" cutting deck, 48" front blade, angling kit for blade, weights, and tire chains.

Eight (~~(4-1994 and (4)-1997)~~) of the tractors will replace the Toro wheel horse tractors that are extremely worn out. The other ten (10) will be for buildings that don't have a tractor. These buildings use a lawn mower for cutting grass and a snow thrower for snow removal. By making this purchase, the amount of time it takes to complete these tasks will be reduced significantly.

The Operations Committee met with distributors and retailers to view or test their equipment. After doing so, it was determined that we should purchase the John Deere X500 (summary sheet attached). This equipment is available from Weingartz Supply Co., Farmington Hills, MI, through the State of Michigan – MiDeal contract. The cost is \$5,390.59 each for a total of \$97,030.62 (quote attached).

Attached is a list of buildings that will receive this equipment. If you have any questions, please call me.

Thank you.

REPLACE 1998 TORO WHEEL HORSE TRACTORS AT:

Emerson
Frost
Garfield
Grant
Hayes
Hoover
Randolph
Roosevelt

BUILDINGS TO RECEIVE NEW TRACTORS:

Buchanan
Cass
Clay
Cleveland
Jackson
Kennedy
Perrinville
Rosedale
Taylor
Webster

Equipment Review Summary:

(1) The Operations Committee meet/spoke with reps. from Commercial Lawn (Livonia, MI), Spartan Distributors (Sparta, MI) and Weingartz Supply Co. (Farmington Hills, MI). After meeting with these reps., we determined that there were two (2) models of tractors (Husqavarna and John Deere) that fit the needs of the District. The selection of tractors is based on a careful review of the tractor specifications and discussions with Building Supervisors.

The District currently has six (6) John Deere X500 Series tractors that were purchased in November, 2007.

(2) The Supervisors that currently have these tractors agree that they are a proven and very reliable tractor.

(3) The other tractor that was considered is a Husqavarna, GTXLS-48. This tractor has similar specifications as the John Deere X500 series. In 2010, we purchased the Husqavarna GTXLS for the Skill Center. After reviewing this tractor with the Supervisor and a discussion with the dealer, it was deemed to be "light duty" and for our needs, it would have to be modified to meet our demands.

Therefore, the recommendation is made to purchase eighteen (18) John Deere X500 tractors, along with appropriate attachments.
