## BOARD REPORT 01/13/2026

### Board Members:

#### Alyssa Begay

- I attended the Yazzie Martinez People's response that had taken place at Santa Ana Casino in November where tribal leaders identified gaps within the proposed plan. I will be following this plan closely.
- I attended a conference at San Juan College, hosted by the San Juan County Coalition for Early Childhood in anticipation for our future students. I wanted to hear from our first means of service delivery, the instructors. It was refreshing to hear their methods and opinions on what they are observing from their students and what they are doing to help.
- I attended my first New Mexico School Board Association Conference and learned what I can do to be an effective board member and servant of the public, i learned some insightful skills and networked with school boards across our state.
