

## FPC Rahll Campus Board Report June 2025

- Courtney and Christy attended all the high school awards programs to recognize outstanding achievement for dual credit students.
- Christy attended Hartley P-Tech end of the year meeting. Hartley P-Tech was highly successful this year. They had nine students graduate with their associate degree as the first group graduating within the P-Tech program.
- The Rahll Campus hosted a Water Festival on campus for all local 4<sup>th</sup> grade students.
- Assisted with a scholarship fundraiser for one of our former welding students. His parents established a scholarship in his honor for students pursuing vocational training.
- Summer registration was successful this year in each pathway area.
- Held GED Graduation on campus. We had multiple students graduate this year, however, only three chose to participate in the ceremony.
- Our campus staff received training from Borger staff regarding TSI and document tracking. It was extremely helpful.
- Assisted all the welding and diesel students in setting up email and Brightspace.
- Met with dual credit students regarding TSI requirements and new guidelines. We have had many students complete their TSI requirements this summer through the TSI test.
- CDL summer enrollment is going well. We are reaching class capacity.
- Community Connect classes have started and we have over 400 students enrolled. It is neat to see the students on campus and around town having fun through these activities.
- The Advanced EMT class will conclude at the end of the month. We have already started registration for the next Basic EMT class which begins in September. We currently have 9 enrolled.
- Phlebotomy class will also finish this month, and the students will take their certification tests.
- We will host Hartley P-Tech Summer Bridge on the 17<sup>th</sup> and 18<sup>th</sup>. This is a required component of the P-Tech program. We will provide TSI testing on the first day and the 2<sup>nd</sup> day the students will receive an in-depth orientation regarding FPC, classes, and resources to help them succeed as FPC students.
- Met with high school counselors regarding required documents and schedules for their students so that Christy can enroll the students in fall classes.
- Provided CE classes for UP, Hilmar, JBS, TDCJ, and DHCHD this month. We value our industry partners.
