Background Information

In accordance with TEC §39.306, the district's Board of Trustees is required to hold a public hearing to discuss the district's annual report including the Texas Academic Performance Report (TAPR) document provided. The Texas Education Agency provides the TAPR to school districts in order to inform the public about the educational performance of the district and of each campus in relation to the overall performance of the district, state, and a comparable group of schools. The TAPR includes the most recent student performance data as well as the student, staff, and financial information as required by the statute. The performance data included is from the 2025 STAAR/EOC State Assessments.

In addition to the document provided in your board book, district and campus performance data is also available online at <https://rptsvr1.tea.texas.gov/perfreport/tapr/2024/index.html>. The TAPR reports are also available on the district's website under "Required State and Federal Postings."
