

## **Morrow County Band Proposal for travel to Disneyland during March 2015**

Participating club/organization: Irrigon HS Band, Riverside HS Band, Heppner HS Band from MCSD as well as Arlington and Lone.

Number of students: At this point, the best estimate is 55 students from MCSD. We will be combining with Arlington and Lone as well for a total of around 80 students

Number of adult chaperones: The goal is a 1:5 ratio, not including the band directors

Destination: Disneyland

Distance and number of days: 4 days during spring break 2015. No school days will be missed. One way distance is roughly 1000 miles

Transportation plan: Bus to Portland airport, commercial flight to Los Angeles airport, bus to hotel. All transportation at the hotel and theme park will be on foot. We will follow the same transportation plan to return back home.

Purpose of trip: Give students a performance opportunity like they've never had previously. We will be performing at Disneyland as well as participating in a soundtrack recording session with their music clinicians.

Cost: Around \$1000 per student. No proposals have been accepted yet.

Fund Raising: We have scheduled car washes, car drives, and are working on business sponsors. A large combination concert with silent auction, bake sale, and other activities is also in the works.

Liability Insurance: As you will see in the attached proposal, liability insurance is included in the quote from the travel company.
