Demographics

Demographics Summary

The demographics at Lamar for 2020-2021 are as follows:

African American - 3.6%

Hispanic - 85.8%

White - 8.9%

American Indian - 0%

Asian - 0%

Pacific Islander 0%

Two or more races - 1.8%.

Economically Disadvantaged - 92.9%

Bilingual - 30.8%

Special Education - 18.9%

At-Risk 82.8%

Attendance for 2020-2021 was 93% up from 91.9% in 2019-2020. Lamar's attendance still lags behind the state average of 95.4 % and the ECISD rate of 93.5.

Enrollment for the 2020-2021 school year was 169 students. Full-Day Prek was implemented in the 2020-2021 school year and we will be adding PK3 to the school for 2021-2022.

Lamar Staff: Due to low enrollment and Covid, Lamar excessed 9 teachers and 6 Teaching Assistants in October of 2020. We will be adding 2 monolingual PK3 teachers, one Bilingual PK3 teacher, one employee PK3 teacher, 2 specialized special education teachers and one PK4 monolingual

teacher for the 2021-2022 school year.

Our Economically Disadvantaged students create a need to provide our students with assistance in many areas. The students come to us with little preparation for learning Prekindergarten standards. Providing more hands-on type learning and making connections with learning and real life are important. These students come to us unprepared to engage in many developmentally age appropriate activities. This creates a need for basic skill development for our young students and training for their parents.

In the classroom, our students need manipulatives to help develop many basic skills and this is done through small groups and learning centers. The learning centers need age appropriate materials to engage our students and create a desire to learn. It is also necessary for our staff to involve the parents and to create a school family. Parents typically want to learn how to help their children and it is our responsibility to build good parent engagement activities.

Demographics Strengths

The following Demographic strengths help our school to be successful.

Parents taking the initiative to enroll their children in Prekindergarten. Children are eager to learn and want to be in school. Teachers and staff work hard to build strong relationships with students and parents. English Language Learners enrolled in a strong bilingual program are At Risk and the Prekindergarten curriculum gives them a good foundation for their education. We have strong bilingual teachers who work closely with the parents of our bilingual children.

We have a teaching assistant in every classroom and the teaching assistants receive the same professional development as the teachers. Several of the assistants are currently going to school to obtain a degree to become a teacher.

Because Prekindergarten is not required, parents have to take initiative to enroll their students in Prekindergarten. Most do this because they know Prekindergarten will provide their child with a solid foundation for future school success. Prekindergarten students are eager and motivated to learn which makes for a very positive learning environment.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Student attendance continues to lag behind the district average. **Root Cause:** Lack of serious consideration of and often times commitment to the value and need of a PK education by families.

Student Learning

Student Learning Summary

We saw huge growth in our students during the 2020-2021 school year. At the age of four, our students come to us with various levels of understanding. The BOY Assessment shows what our students have learned at home. There is a wide range of ability levels at the beginning of the year, but we see tremendous growth in all of our students from the beginning of the year. The use of Frog Street Press curriculum, Conscious Discipline Social Emotional Curriculum, Handwriting Without Tears, and best practice activities from Children's Learning Institute are a perfect combination to address all of the Prekindergarten standards. We have also now introduced Imagine Literacy and Imagine Math which supports student learning.

Circle Scores for 2017-2018, 2018-2019, BOY 2019 and BOY, MOY and EOY for both English and Spanish are included in the addendums.

The Lamar EEC staff work diligently to implement rigorous developmentally appropriate lessons to meet the needs of the whole child. The lessons are hands-on and include Large Group, Small Groups, One-on-One and Independent Practice. The beauty of working with the young child is that they are learning from the entire environment all of the time. Every encounter in their environment is new and filled with opportunities for learning. Students at this

age learn by doing and this stands as the fundamental method of teaching and learning on the Lamar campus.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Students at Lamar have a deficit in oral language and vocabulary development. **Root Cause:** Parents and caregivers do not always understand the importance of language and vocabulary development.

Problem Statement 2 (Prioritized): CLI data indicates that only 71% of students are on track in the overall measure of Phonological Awareness at the end of the 2020-2021 school year. **Root Cause:** More direct intentional teaching in the area of phonological awareness is needed.

School Processes & Programs

School Processes & Programs Summary

Curriculum: Lamar Early Education Center follows the Texas Prekindergarten Guidelines as well as the Frog Street Press Curriculum. We will be using the new Frog Street Press Curriculum that was recently adopted by the district. The PK3 program will be using the Frog Street PK3 curriculum. Lamar also uses the Handwriting Without Tears program, CLI Engage, Imagine Math, Imagine Language and Literacy, Imagine Espanol, and Estrellita.

Lamar also implements the trauma-informed social emotional learning program, Conscious Discipline. This program, created by psychologist, Dr. Becky Bailey, is implemented at the adult (staff) level first and then with the students. The Conscious Discipline Seven Powers create a shift in the way adults see conflict so they are able to maintain composure and consciously respond to difficult situations. The School Family component of Conscious Discipline increases connections between adults and children at all levels, ensuring optimal development and learning for all. A School Family culture is built through consistent modeling of routines, rituals, and structures. The Seven Skills of Discipline transform everyday discipline issues into teachable moments, equipping children with the social-emotional and communication skills needed to manage themselves, resolve conflict and develop healthy behavior.

Personnel:

For the 2021-2022 school year, Lamar will have 5 monolingual PK4 teachers and 3 bilingual PK4 teachers. All PK4 teachers are highly-qualified. We will have 4 special education teachers and all are highly-qualified, as well. We are adding four PK3 classes this year. Two of the PK3 teachers are highly qualified and two classrooms will be led by an Instructional Facilitator with a certified teacher serving as the Teacher of Record. Lamar will have one newly certified teacher who will be assigned a mentor teacher.

Each Prekindergarten class is assigned an Instructional aide to support student learning.

We also have a certified P.E. coach and a certified Music Teacher.

All teachers are put on teams and attend weekly PLC meetings in order to increase staff learning and ultimately, increase student outcomes. Teaching Assistants will also participate in an Aide PLC in 2021-2022.

Programs and Processes:

Lamar is a Prekindergarten only campus. We offer Full-Day Prekindergarten for four-year old children and a half-day program for children who are three-years old. We have classes for students who qualify for Bilingual and Special Education. We offer a full-day PK3 program for children of ECISD employees. These students are also eligible for Extended Day care, as well.

School Processes & Programs Strengths

Conscious Discipline is being implemented school-wide.

PLC's are held weekly.

Each classroom has an Instructional Aide to support student learning.

Lamar has many parent engagement activities in place such as Academic Parent Teacher Team Meetings, Family Game Night, Book Character Parade, Family Valentine Dance, Transportation Parade and Parent Trainings.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Students do not have foundational skills to be successful in Prekindergarten. **Root Cause:** The population of students we serve lack educational opportunities, background knowledge and resources.

Perceptions

Perceptions Summary

We consider school climate and culture to be of great importance at the Prekindergarten level. The first experience in school must be a positive one where students feel safe, connected and loved. Our school climate is centered around the principles of Conscious Discipline-Relationships, Problem-Solving and Safety. Conscious Discipline is implemented on an adult level first and then in the classrooms.

Our students, as well as parents, are told and shown from the first on-campus visit that our job (all Lamar staff) is to keep them safe and their job is to help keep the classroom safe. We have school-wide Conscious Discipline commitments that the students are taught from day one. This is how the students help keep the school safe. Lamar is a caring environment where children learn the skills of working with others, problem-solving and self-regulation.

We have varying levels of Conscious Discipline expertise throughout the building. A team of 10 staff members attended Conscious Discipline Summer Institute in 2021. This team will be sharing and supporting those new to the school and those with less formal Conscious Discipline training. A Conscious Discipline Action Team has been created and will work to move the work forward.

Another important piece of the Lamar culture and climate is the strong parent presence in our school. Lamar has many activities that encourage parents to be truly engaged with their children. Parents have the opportunity to be a part of Academic Parent Teacher Teams and utilize the Parent Resource Room.

Due to Covid in 2020-2021, Lamar's enrollment was very low which resulted in 9 teachers and 6 Instructional Aides. This loss of staff members, coupled with the Covid restrictions, took a toll on all staff members.

Panorama Survey Data indicate only 55% of the Lamar staff feel a sense of belonging. While the 55% is very low, it is a 14% increase from Fall 2020 data.

Perceptions Strengths

Students are happy and excited to come to school because the staff embraces their uniqueness and works to create strong connections with each student. Effective procedures are in place to ensure that students arrive in class safely and are entrusted to a teacher and/or teaching assistant daily. Students are greeted many times by the adults in the building before they ever reach their classroom.

Parents are welcomed to the school and the staff works hard to develop effective working relationships with the parents.

Parents always comment that they feel welcomed at Lamar.

The Lamar staff celebrates the accomplishments of one another, as well as supports others when difficulties arise.

Lamar is committed to the use of Conscious Discipline to help us create strong connections with others, teach self-regulation skills and assist with student emotional management.
