

**Recognition  
Board of Trustee Meeting  
March 10, 2015**

**UNITED WAY OF DENTON COUNTY**

Each year our students and staff benefit from our partnership with the United Way of Denton County. As a staff, Denton ISD is one of the largest contributing organizations to support their efforts. As the largest advocate for our community's young people, we share a singular purpose and goal with them.

United Way's Gary Henderson, president and CEO, and Jodi Ramon, campaign representative, will be on-hand to unveil the final total of contributions made for the 2014-2015 campaign from our employees, represented by Darrell Muncy, director of student support services, who spearheaded this year's campaign.

Please join us as we present them with a ceremonial check for \$113,524 signifying this year's grand total.

**Denton ISD - SPOTLIGHT TEACHER**

Amy Anderson, eighth grade math and algebra teacher at Crownover Middle School, is completing her seventh year with our district. This graduate of the University of North Texas returned to college after starting a family, and was inspired to become a teacher by an instructor at North Central Texas College.

Ms. Anderson is known for her ability to create a sense of belonging and a culture of learning in her classroom. She inspires both her students and colleagues to try new things and make mathematics relevant to their everyday life.
