

HARVEY SD #152
Program S.O.A.R (Draft 4-11-14)

Summer Opportunities for Achievement and skill Retention

June 9, 2014 – July 3, 2014

Monday – Thursday

Student attendance: 9:00am-1:00pm

Staff attendance: 8:30am-1:15pm

Program Components

Project SOAR K-8

Targeted instruction for students that are below grade level. Students will be recommended for this program by their Principals.

SOAR Academy 3-8

Prepares all primary students for the more complex skills needed for the next grade. Program includes Reading, Math, and Technology skills. *These are students that are on level and ready for more rigorous activities.

SOAR Enrichment

Various enrichment and physical activities will be included in the summer school day, including STEM lessons. Confirmed classes are:

The Art Clubhouse: Come into the 'clubhouse' and learn about art elements, famous artists and engage in fun activities.

Young Broadcasters (BROOKS): Join this media club that teaches students broadcasting and multimedia skills used in front of the camera and behind the camera.

STEMania!!: Engaging activities that are hands-on and explore Science, Technology, Engineering & Math concepts and skills.

- K-2: Magnets & Motion
- 3rd-4th: Marble Engineers
- 5th-6th: CSI Scholars (Crime Lab Chemistry & Fingerprinting)
- 7th-8th: Robotics and Racecars!
