

# MOLLY

“I want to be part of positive changes at HMS. I am interested in being part of the decisions and conversations about what’s happening at HMS.”

## How's 8<sup>th</sup> Grade Going?

- 8<sup>th</sup> Grade offers more leadership opportunities as we are the oldest grade in school.
- We get opportunities to help younger grades transition to HMS.
- 8<sup>th</sup> Grade has been the most fun year yet!

## 2025 Joint Annual Conference

- I enjoyed the student-only portion of the conference.
- I liked seeing how different schools run their board meetings.
- The speaker discussing dealing with personal challenges was a highlight for me.

## Observations from Molly

- I've been researching gym uniforms and looking into whether they should or should not be used for PE. I plan on reaching out to local school districts to see what they are doing.
- I believe if we did not use gym uniforms, we would have more PE time and it would make kids feel a lot more comfortable.
