Re: Board Resolution for Serious Safety Hazard Approval

Article 105 ILCS 5/29-3 requires the School Board to annually review all serious safety hazards approved by the Illinois Department of Transportation to verify that the hazardous conditions remain unchanged. This resolution is required as part of our reimbursement claim for transportation. Approval of the resolution allows the district to provide free transportation to students living less than 1.5 miles and claim reimbursement from the State. This resolution was first enacted in 1980. Without the resolution, the District would only be able to claim reimbursement for transporting students who live 1.5 miles or greater from their school.

It is recommended that the board adopt the attached 2023-2024 school year resolution.

Pleasantdale School District 107

RESOLUTION

To authorize the administration to continue free transportation for the school year 2023-2024 for the identified population approved at the August 20, 1980 Board meeting as part of a Serious Safety Hazard Finding application submitted to the Illinois Department of Transportation. The Board certifies that the Type I conditions identified for both Pleasantdale Middle School (North) and Pleasantdale Elementary (South) School remain unchanged and continue to constitute serious safety hazards for the 2023-2024 school year.

Arlene Cabana
President, Board of Education
School District #107
Cook County, Illinois

ATTEST:

Mary Lenzen
Secretary, Board of Education
School District #107
Cook County, Illinois
