FREQUENCY OF
APPRAISALS

In accordance with state laws and District policies, the principal shall be responsible for monitoring the frequency and scheduling of appraisals. Teachers may be evaluated using the formal PDAS every five years in accordance with the following exceptions and conditions:

1. Each year, and no later than the final day of the first three weeks of school, teachers must apply in writing for a waiver in order to be exempt from a formal PDAS appraisal during that year if they have not previously been granted a waiver.
2. Teachers on a probationary contract shall be formally appraised annually.

3. Teachers with a rating of “less than proficient” in any domain and/or individual criteria shall be formally appraised the following year.
4. All teachers who are not fully certified in all subject areas in which they are teaching shall receive a formal appraisal each year that they are not fully certified.
5. A principal shall require that a teacher be formally appraised the subsequent year regardless of the teacher’s requested waiver based on evidence (cumulative performance data including but not limited to a walk-through) indicating a need for improvement in any domain. The teacher shall receive a formal PDAS appraisal the following year regardless of assignment, campus, or administrative changes. The principal must notify the teacher in writing of the reasons for rescinding the waiver and have a conference to discuss the identified areas of deficiency. The teacher must receive a rating of proficient or higher in all domains and/or individual criteria in order to apply for a waiver for the subsequent year.
6. A teacher may choose to voluntarily rescind his or her previously granted waiver within the first three weeks of school. The teacher shall receive a formal PDAS appraisal for that year. The teacher must receive a rating of “proficient” or higher in all domains and/or individual criteria in order to apply for a waiver for the subsequent year.

Each teacher not receiving an annual formal PDAS observation and summative appraisal within a school year shall receive a one-page written performance report based on walk-throughs, general observations, instructional monitoring conferences, student performance, and other relevant information. The performance report shall be presented to the teacher, signed by the teacher and supervisor, and maintained in the personnel file. The time lines for the performance report shall coincide with the PDAS calendar.
